GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDERS

No. 8830-I.R./IR/13L-18/68. — 12th December 1968.—Whereas under the Government of West Bengal, Labour Department, order No. 5717-I.R./IR/13L-18/68, dated the 29th July 1968, the industrial dispute between Messrs. Manashi Press, 73 Manicktalla Street, Calcutta-6, and their workmen represented by Press Employees' Association, 249/B Bepin Behari Ganguli Street, Calcutta-12, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Manashi Press, 73 Manicktalla Street, Calcutta-6, and their workmen represented by Press Employees' Association, 249B Bepin Behari Ganguli Street, Calcutta-12. (Case No. VIII-279/68.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri H. N. SEN, Judge,
Second Industrial Tribunal.

Government of West Bengal, Labour Department, by its order No. 5717-I.R./I.R./13L-18/68, dated the 29th July 1968, referred an industrial dispute between Messrs. Manashi Press and their workmen represented by Press Employees' Association to this Tribunal for adjudication on the following:

Issue

Whether refusal of employment to Shri Sudhai Chandra Sarker with effect from 18th April 1968 is justified? To what relief, if any, is he entitled?

After service of usual notices the Union entered appearance and filed written statement on 24th September 1968. The Company however did not enter appearance even after service of notice. The Tribunal suo motu waited till 13th November 1968 for the Company to file written statement, with the direction that if no step was taken by that date the case will be heard ex-parte.

On 13th November 1968 the Company took no step. The case was accordingly fixed on 3rd December 1968 for ex-parte hearing. The

Company being found absent on 3rd December 1968, the case was taken up for ex-parte hearing.

Appearances of the parties are as follows:—

For the Union: Shri Anil Das Chowdhury, Advocate.

For the Company: None.

On behalf of the applicant, the applicant-workman examined himself.

The applicant's case, in short, is that he received intimation of serious illness of his father on 14th April 1968. On 15th April 1968 he resumed duty and approached the Company for two days' leave and obtained such leave. On the expiry of his leave he came to resume his duty on 18th April 1968. He was however refused employment by the Opposite-party-Company. His case is further that he was never charge-sheeted by the Company, as such refusal of employment by the Opposite-party-Company was unjustified and in violation of the principles of natural justice. He then approached the Union which took up his case and on the Union s move conciliation was called for but no settlement was arrived at. The workman examined himself as P.W. 1, to reiterate his case mooted in the written statement filed by him. Since the Company did not enter appearance I see so reason why the statement of fact made by the workman concerned (P.W. 1.) should not be believed and accepted. Accepting the said statement of P.W. 1. this Tribunal therefore holds that the refusal of employment of Shri Sudhai Chandra Sarkar with effect from 18th April 1968 is wholly unjustified. The workman concerned is therefore entitled to be reinstated to his former job with full back wages from the date of refusal of employment till his reinstatement, and it is awarded accordingly. This award is to take effect on the expiry of 30 days from the date of publication of the award in the "Calcutta Gazette".

Nur Islam Mahalder, Proprietor of a Bidi Factory, P.O. and district Jalpaiguri, and his workmen represented by Zilla Biri Mazdoor Samity, P.O. and district Jalpaiguri, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the First Labour Court;

And whereas the said First Labour Court has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Md. Nur Islam Mahalder, Proprietor of a Bidi Factory, P.O. and district Jalpaiguri, and his workmen represented by Zilla Bidi Mazdoor Samity, P.O. and district Jalpaiguri, referred under G.O. No. 3240-I.R./IR/11L-200/68, dated the 31st May 1968, for adjudication. (Case No. VIII-C-52/68.)

BEFORE THE FIRST LABOUR COURT,
WEST BENGAL

Present:

Shri S. P. BAGCHI, Judge.

AWARD

The Government of West Bengal, Labour Department, by its order No. 3240-I.R./IR/11L-200/68, dated 31st May 1968, referred to this Court under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an Industrial Dispute relating to the undermentioned issue existing between Md. Nur Islam Mahalder, Proprietor of a Bidi Factory, P.O. and district Jalpaiguri, and his workmen represented by Zilla Bidi Mazdoor Samity, P.O. and district Jalpaiguri, for adjudication.

Issue

Whether termination of employment of Shri Suren Biswas is justified? To what relief, if any, is he entitled?

Notices of this proceeding were duly served upon the parties. The Company sent a copy of the written statement by post, without there being a direction from this court and it was received in this court on 26th July 1968. On 26th July 1968, on the application of the Union concerned, 14th August 1968, was fixed as the date for filing its written statement. On 14th August 1968, however, the Union did neither take any step in connection with the present reference, nor file its written statement as directed. A chance was given and 30th August 1968, was fixed suo motu by this court for filing written statement by the Union. On 30th August 1968, the Union again took no step whatever in connection with this case and so the case was directed to be put up for orders on 19th September 1968. On 19th September 1968, the parties again were found absent and no step whatever was taken by the Union in connection with this case. No written statement was also filed. The case therefore was directed to be put up for orders on 15th October 1968. On 15th October 1968, again the parties were found absent and no step whatever was taken by either of them in connection with this case. Accordingly 19th November 1968 came to be fixed for orders. The parties also did not care to take any step whatever even on 19th November

1968. And so the case was directed to be put up for orders on 28th November 1968. Even on this day that is 28th November 1968, the parties are again absent and they do not take any step whatever in connection with this case. In such circumstance, I am inclined to think that the parties are no longer interested in the instant reference and that the dispute under reference is no longer in existence. I accordingly pass a 'no-dispute' award. The instant reference is accordingly disposed of.

AWARD

By the Government of West Bengal, Labour Department, order No. 3677-I.R./IR/11L-316(A)/67, dated the 2nd August 1967, an industrial dispute existing between Messrs. Gladstone Lyall & Co. Ltd., 4 Fairlie Place, Calcutta-1, and their workmen represented by General Workers' Union of Gladstone Lyall & Co. Ltd., 3 Joy Krishna Paul Road, Calcutta-23, was referred to this Tribunal, under section 10 of the Industrial Disputes Act, 1947, for adjudication, in respect of the following issues :—

Issues

1. Working hours of Drivers and Lorry Mazdoors.
2. Grades and Scales of Pay of the Drivers and Lorry Mazdoors.
3. Tiffin Allowance of Drivers and Lorry Mazdoors.
4. Dock Allowance of Drivers and Lorry Mazdoors.
5. Shoe and Socks Allowances of Drivers and Lorry Mazdoors.
6. Travelling Allowance of Drivers and Lorry Mazdoors.
7. House Rent Allowance of Drivers and Lorry Mazdoors.

It appears from the aforesaid issues sent to this Tribunal for adjudication that cases of drivers and lorry mazdoors are involved in this order of reference. At the time of hearing, P.W. 1, the only witness examined on behalf of the Union, stated before me that they press for demands in this order of reference, for lorry mazdoors. According to him, all the drivers of this Company are members of the Union and no driver is a member of the other Union of the Company. According to P. W. 1 further, there are in all, 21 drivers including one lorry driver employed in this Company. So, we are concerned in this case as regards 21 drivers including one lorry driver employed in this Company.

The Union of the drivers of the Company, being "General Workers' Union of Gladstone Lyall & Co. Ltd." in its written statement contended that the Company is mainly Engineering and a private commercial concern, having multifarious business such as roofiing and water proofiing, shipping and banking and the workmen connected with the terms of this reference, are their motor drivers and lorry mazdoors (I have already mentioned above that the case of the lorry mazdoors has been given up at the time of hearing). The drivers were formely members of Gladstone Lyall & Co. Ltd. Employees' Union, which Union entered into an agreement on certain terms, not covering all of the present items of reference. On 15th April 1957, this agreement however brought some improvement in the conditions of the clerks, but in fact it brought no benefit to the drivers. Accordingly, they formed their new Union, being "General Workers' Union" and they submitted a charter of demands. There were conciliation proceedings before the Labour Commissioner, but no decision could be arrived at and the meeting ended in a failure. All negotiations came to a close, and the instant order of reference was sent to this Tribunal for adjudication in respect of the issues as mentioned above. The Union demanded an increased scale of pay than the existing scale of pay of the drivers. As the Head Office is closed on Saturday and as the drivers are Head Office Staff, they also pray for 5 days' work in a week. The Union demands further raising the tiffin allowance of 0.37 P. per diem to Rs. 1·50 per working day. The Union also demands dock allowance of Rs. 45 for the drivers when posted in the docks. They also pray for enhancement of Travelling Allowance from Rs. 4 to Rs. 6 per diem because of the fact that in the conditions of present high price of things, the existing rate does in no way come near to compensating the additional expenses incurred at outstations or when on travel away from the headquarters. The Union further demands 20 per cent. of the basic pay or a fixed sum of Rs. 30 per month, as house rent allowance for the drivers per month. They also demand shoes and shocks to be supplied to the drivers.

The Company in their written statement contended inter-alia that the present scale of pay of drivers is justified, legal and proper and the Company has no capacity to give any further increase in basic wages and other allowances due to financial difficulties. According to the Company, the working hours from Monday to Friday are from 8 a.m. to 2 p.m., i.e., in all 48 hours a week, which working hours are quite reasonable and well within the limits imposed by law. The present tiffin allowance of 0.37 P for full working day is also just fair and legal, according to the Company. The present rate of Rs. 20 per month as dock allowance is also stated to be fair. The existing travelling allowance of Rs. 4 per diem is according to the Company just. Further, according to the Company, the drivers are not entitled to any house rent allowance as claimed. I have already mentioned above that undisputedly 21 drivers including one lorry driver employed in the Company, who are now all members to the "General Workers' Union of Messrs. Gladstone Lyall and Co. Ltd.", are concerned in this order of reference. In January 1967, another Union in which the clerical staff and sub-staff are involved, entered into an agreement with the Company authorities, by which their scales of pay and other allowances and amenities were enhanced and increased. Ext. C is a copy of such settlement, dated 25th January 1967. But this settlement, the drivers of the Company did not get any benefit. None of their demands was met by that agreement.

On behalf of the Union, Ext. 1(O) has been filed to show the present scales of pay and other amenities, enjoyed by the drivers of different companies, being Messrs. James Finlay, Turner Morison, Kilburn & Macneil Barry, Shaw Wallace & Co., Balmer Lawries, Andrew Yule & Co. and Messrs. Jardine Henderson. On the other hand, on behalf of the Company, a document Ext. B has been filed to show the existing scales of pay and other amentities enjoyed by the drivers of 3 Companies—Bird & Co., Duncan Brothers and Macneil Barry & Co., while fixing new scales of pay and other allowances and amenities, to be enjoyed by the drivers of Messrs. Gladstone Lyall & Co. Ltd., as covered by the aforesaid issues, we are to compare the scales of pay and other amenities enjoyed by the drivers of the aforesaid Companies as appearing in Exts. 1 (O) and B. In this connection, we should also consider the present financial capacity of Messrs. Gladstone Lyall & Co. and as to whether the Company would be able to bear the additional financial burden as per the claim of the Union. On this question, the evidence of D.W. 1, the Secretary-cum-Accountant of the Company, the sole witness examined on behalf of the Company and also Ext, G., a statement of the Company's financial position from the year 1963-1964 till 1967-1968 (up to 30th June 1968) and again the balance-sheets of the Company Ext. F series from 1963 till 1967 (the financial accounting year of the Company is from November of a year till the 30th October of the next year), are to be considered. It appears from the aforesaid documents and also from the evidences of D.W. 1 that the Company incurred a loss of Rs. 5,69,195 in the year 1963-64. During the next two years, the Company earned profits to a total sum of Rs. 6,77,000 approximately. Again in the year 1966-67, the Company incurred loss to the extent of Rs. 6,15,943 for the accounting year 1967-68. There is also evidence on record of D.W. 1 in his chief that they were secretaries and treasurers of Messrs. Carew & Co., which ceased in September 1964. They were also the managing agents of Messrs. Calcutta Landing and Shipping Co. Ltd., and that their managing agency ceased from March 1966. In the year ending 31st October 1963, Messrs. Gladstone Lyall & Co. Ltd., got from the aforesaid two managed Companies Rs. 3,98,576 as commission. In the next year, they also got such commission at Rs. 4,29,278. Next year, they got only from Messrs. Calcutta Landing and Shipping Co. Ltd., Rs. 26,367 as commission and for a portion of the year of 1966, they got only Rs. 6,250 as commission from the said Company. Balance-sheets, Ext. G and also Ext. A and the evidence of D.W. 1 disclosed a very sad financial position of the Company in question. But even then, it is to be remembered that only in January 1967, the Company entered into an agreement with another Union enhancing the scales of pay and revising other amenities of the clerks as well as the sub-staff of the Company whose number is much larger than 21 of the drivers employed in the Head Office of the Company who are only interested in this order of reference.

I first take up issue No. 3 regarding tiffin allowance of drivers. It is admitted that by the settlement of January 1967, the tiffin allowance of sub-staff excepting the drivers was enhanced from 0.37P. per diem to 0.60P. per diem. By that settlement, rate of tiffin allowance of the clerical staff was also enhanced. Drivers are at present getting 0.37P. per diem as tiffin allowance, for each full working day. One of the drivers employed in the Company has been examined in this case as the sole witness on behalf of the Union. He (P.W. 1) in his evidence claimed such tiffin allowance at Re. 1 per diem per working day. It of course appears from Ext. B that the drivers of the three Companies' as mentioned therein are getting 0.75P. per day as tiffin allowance. Ext. 1 (O) filed on behalf of the Union shows that the drivers of the Companies mentioned above are getting tiffin allowance varying from 0.62P. per diem till 0.75P. per diem. As tiffin allowance of the sub-staff of the Company in question has been enhanced to 0.60 P. per diem for each full working day, Shri D. Basu Thakur at the time of arguments conceded that the tiffin allowance of the drivers might be enhanced to 0.60P. per diem for each full working day. Accordingly, it is held that the tiffin allowance of each driver should be 0.60 P. per diem for each full working day.

Now coming to issue No. 7, regarding house rent allowance of the drivers, it is undisputed that by the agreement of January 1967, the sub-staff of the Company was not allowed any house rent allowance. It also appears from Ext. B that the drivers of the three Company's mentioned therein being Messrs. Bird & Co., Duncan Brothers and Macneil & Barry are not also getting any house rent allowance. Ext. 1 (O) filed on behalf of the Union does not also show that the drivers of the 7 Companies as mentioned therein are allowed any house rent allowance. In the above view of the case, I am also inclined not to allow any house rent allowance to the drivers. Accordingly, I hold that the drivers are not entitled to any house rent allowance as claimed by them.

As regards the claim of the Union regarding Shoe and Socks allowance as covered by Issue No. 5, we find that during summer, each of the drivers get two coats and two full pants for a year and during winter each of the driver get one coat and one pant for a year. They are not to return all these uniforms to the Company, after the same are torn. But these uniforms, it must be considered as given to the drivers for enhancement of the prestige of the Company.

Now one pair of shoe and one pair of socks would not cost much and the Company, in my opinion, could bear the burden of such additional cost if one pair of shoe and one pair of socks be allowed to each of the drivers. The number of the drivers is only 21. Accordingly, I hold that each of the drivers of the Company should get one pair of shoe and one pair of socks per annum from the Company; but the quality of such goods would depend on the choice of the Company authorities. Issue Number 5 is thus disposed of.

Issue No. 6 : As regards the claim of the drivers regarding travelling allowance, we find from the written statement of the Union as well as the evidence of P. W. 1 that this claim of travelling allowance is the same as the claim of outstation allowance. It is admitted that previously these drivers used to get Rs. 4 per diem as outstation allowance, for outstation duties. From this year of 1968, it is admitted that such allowance was enhanced to Rs. 6 per diem. It appears from Exts. B and 1 (0) that such outstation allowance varies from Rs. 5 per diem to Rs. 8 per diem but in most cases drivers are allowed Rs. 5 per diem as outstation allowance. On a consideration of this fact, I hold that the drivers of the Company in question are entitled to outstation allowance or travelling allowance at the rate of Rs. 6 per diem, which amount is now being given to the drivers, since this year of 1968.

Issue No. 4 : From amongst the drivers of the Company some are posted at the dock for dock duties in the shipping department. The number of such drivers posted at the dock would be about one or two. Admittedly for dock duties drivers get Rs. 20 per month, as dock allowance. Their demand is Rs. 45 per month. Now we do not find anything from Exts. B and 1 (0), as regards any dock allowance given to the drivers of the Companies mentioned in the said documents, for dock duties. As the number of the drivers posted at the dock for dock duties is negligible, I hold that the ends of justice will be met if this dock allowance to be enhanced to Rs. 30 per month. This enhancement also does not burden the Company too much. In the result, I hold that the drivers of the Company in question, who are posted in the dock for dock duties in the shipping department, should get Rs. 30 per month as dock allowance.

Now coming to issue No. 1 regarding the working hours of the drivers we find that admittedly such working hours of the drivers are from 8 a.m. to 6 p.m. with a recess of one and half hours from 1 p.m. to 2-30 p.m., from Monday to Friday, and on Saturday's the working hours are from 8-30 a.m. to 2 p.m. having no recess. Thus the total working hours of the drivers come to 48 hours per week. It is to be remembered in this connection that for all those hours that driver are not to drive their respective cars continuously. According to P.W. 1 in his cross-examination they are not to drive during the entire working hours and that they stay in office and sit idle, during the time when they are actually not to drive the car. He further admitted that at present there are not 20 cars of the Company and about 5 to 8 drivers are sitting idle as spare drivers.

The demand of the drivers regarding their working hours has been stated by P.W. I. Demand in this respect is from 8 a.m. till 5 p.m. with half an hour recess on 5 days in a week (Monday to Friday) and they want Saturdays and Sundays off. These drivers are head office staff. It is admitted that the head office employees are now to attend office for 5 days in a week. Their demand is that they should not work also on Saturdays. Now it appears from Ext. B that out of the three Companies mentioned therein, the drivers of Macneil Barry get Saturdays off also, whereas from Ext. 1 (O), it appears that the drivers of Messrs. Balmer Lawries, Messrs. Andrew Yule and Co. Ltd. and also Messrs. Jardine Henderson get Saturdays off.

I have also considered the working hours of the drivers for different Companies mentioned in Exts. B and 1 (O). In view of the fact that the drivers of the Company, in question are head office staff and also in view of the fact that the head office of the Company is closed on Saturdays also, I hold the drivers of this Company, being Messrs. Gladstone Lyall & Co. Ltd. should get Saturdays off, excepting of course, the driver or drivers who are posted in the dock for dock duties in the shipping department, because work is done on Saturdays also in the dock. It is to be remembered in this connection that the drivers are posted in the dock by rotation. When the drivers are getting Saturdays off, we must fix their working hours on the other 5 days of the week, Monday to Friday, keeping the total working hours fixed at 48 hours. So I fixed the working hours for the drivers attached to head office from 8 a.m. till 6-30 p.m. with a recess to one hour, from 1 p.m. to 2 p.m., from Monday to Friday. I further hold that the drivers should get Saturdays off excepting the driver or drivers who are posted in the dock for dock duties in the shipping department, and those driver or drivers, who are to drive the cars, carrying officers to the factory, if required. Issue No. 1 is thus disposed of.

Now coming to issue No. 2, regarding grades and scales of pay of the drivers. I have considered the grades and scales of pay of the drivers of the Company's mentioned in Exts. B and 1 (O). The present scale of the drivers of the Company in question is

Rs. 62—2—100—3—136. Their demand regarding grades and scales of pay is Rs. 90—3—120—5—170—8—210. To fit in with the scale of pay as per this demands. P.W. 1 wanted three additional increments in each cases. Now in fixing the grades and scales of pay certain benefits admittedly enjoyed by the drivers of the Company are to be considered. The drivers get 4 per cent. bonus on basic pay and D.A. The Company reimburses the cost of all the medicines, purchased by the drivers during their illness. Office doctor treats them in between 1 p.m. to 3 p.m. The drivers enjoy the benefits of provident fund also. They also get pension. Special beds in Mayo hospital and K. S. Roy T. B. hospital are reserved for the drivers. These drivers get medical leave for one month per annum with full pay, such leave being accumulated up to 3 months. The drivers also get two months' medical leave per annum on half pay. The drivers also get D.A. according to Bengal Chamber of Commerce Scale, which is also dependent on the cost of living index. If it rises, D.A. is also proportionately increased.

Upon a consideration of an aforesaid existing benefits enjoyed by the drivers and also the existing scales of pay of the drivers of different Companies and also the fact that the existing scale was fixed long ago appearing from Exts. B and 1(O). I fixed the grades and scales of pay of the drivers of the Company in question as follows:—

"Rs. 76—2—110—4—150". In order to fit in with this scale as fixed by me, the existing pay of the drivers should be enhanced by one, two or three increments as would be necessary. This grade as fixed by me shall come into force on and from 1st January 1969.

The above benefits given to the drivers of Messrs. Gladstone Lyall and Co. Ltd., shall be operative with effect from the 1st January 1969.

This is my award.

AWARD

The Government of West Bengal, in its Labour Department, order Nos. 472-I.R./IR/8L-30/67, dated the 31st January 1968 and 1784-I.R./IR/8L-30/67, dated the 27th March 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Shree Ram Silk Mfg. Co., 14 Netaji Subhas Road, Calcutta-1 (hereinafter be referred as the Company), and their workmen employed at the Company's factory at Rishra, district Hooghly, as also the workmen employed at the Company's factory at Konnagar, Hooghly, represented by Shree Ram Silk Mfg. Co. Workmen's Union, 150 C. S, Mukherjee Street, Hooghly and Shree Ram Silk Mfg. Mazdoor Union, C/o. Shri Sudhangshu Sarkar, P. O. and village Bara Behara, district Hooghly (hereinafter be referred to as the Union), to this Tribunal for adjudication on the following common issues:

Issues

1. Revision of Wages.
2. Dearness Allowance.
3. Leave Facilities.
4. Quarter or House Rent Allowance.
5. Working Hours.
6. Night Shift Allowance.
7. Canteen.
8. Bonus for the year ending March 1967.

The Union has filed written statement in both the cases. It has alleged that Hastings Jute Mill Ltd. has a silk division and a jute division. Shree Ram Silk Mfg. Company is the silk unit of that Mill. It manufactures Terryline, Terriwool and Silk Cloth. About 700 workmen work in this silk unit and 6,000 in the jute unit. Previously both the units were located at Rishra in the district of Hooghly. Subsequently due to expansion of the silk unit, the factory was shifted to Konnagar in the same district. The running of the silk unit requires finer workmanship and consequently the workmen are entitled to special consideration relating to fixation of wages, dearness allowance and other amenities. They are not paid even the subsistence wages and the same are less than that of the workmen of the jute division of the parent Company. An unskilled jute workman gets Rs. 127 as the minimum wages, but a skilled workman of the silk unit gets only Rs. 105 per month. The silk unit has a separate Profit and Loss Account and is more prosperous than the jute unit. There is no scheme for neutralisation for the rise in the cost of living and the dearness allowance has not been linked with the rise in cost of the living index. The result is that the real wages are being lowered compared with the rise in the price index number. The leave facilities are inadequate because only 4 days' casual leave and 9 days' festival leave are granted. The jute unit provides for free quarters to the workmen, whereas the workmen of the silk unit do not get any such facilities or house allowance. The working hours of the Company are too long. The workmen are compelled to work during the night shift. Such work affects their health and so they should get night allowance. They should also get facilities for proper subsidised cheap canteen. For the financial year ended in March 1967, the Company illegally declared bonus of 4 per cent. only on the alleged earnings. But considering the net profits, gross profits, etc., and the relevant records of the Company, bonus at the rate of 20 per cent. of the annual earnings of each workman should be paid.

The Company has also put in written statement in both the cases. It has been alleged inter alia that the issues regarding quarters or house rent allowance, canteen facilities and bonus cannot be the subject matter of industrial dispute. There was a previous award between the Company and its workmen with regard to wages, leave facilities, holidays and night shift allowance. The silk division is a part and parcel of Hastings Mills Ltd. Due to shortage of space at Rishra, the Company had to shift the factory at Konnagar. Due to non-availability of Terene Yarn, the Company finds it difficult to face competition. Its products have been gradually accumulating and in March 1967 the value of such accumulated stock was Rs. 20 lacs and in March 1968 Rs. 80 lacs. The work of the silk unit is much simple. No special silk is required to carry out such work. On 11th October 1967 there was a tripartite settlement by which the principle of payment of bonus to the workmen was settled. The Company has been paying wages, dearness allowance and other amenities which compare favourably with that of other similar concern. The accounts of the jute division and of the silk division have been mingled together by Hastings Mills Ltd., which has been running the division with one capital and publishing only one balance-sheet for the same. The silk division does not maintain or publish any separate balance-sheet. The other allegations made by the Union have been controverted. It has been stated that the claims made by the Union are not sustainable. With a view to purchasing industrial peace, a tripartite settlement was arrived at on 4th December 1967 for referring the matters to a Tribunal.

A preliminary objection has been raised on behalf of the Company regarding the jurisdiction of the Tribunal to try the 4 issues, viz., the issue No. (1) regarding revision of wages, the issue No. (3) in respect of leave facilities, the issue No. (6) for the night shift allowance and the issue No. (8) respecting the bonus. There was a previous award Ext. B between Shree Ram Silk Mfg. Company, Rishra, Hooghly and their workmen and an award was passed by agreement between the parties on 26th November 1963. After that award was passed, no notice was served by the workmen or by the Union according to the provisions of the section 19(6) of the Industrial Disputes Act. The section 19(2) of the Act lays down that a settlement arrived at between the parties shall be binding for such period as is agreed upon by the parties, and if no such period is agreed upon, for a period of six months from the date of signing the settlement and it shall continue to be binding on the parties after the expiry of two months from the date on which a notice in writing of an intention to terminate the settlement is given by one of the parties. So it has been argued that the Union cannot raise those 4 points for adjudication. Reference has also been made to the latest case of Bangalore Woollen, Cotton and Silk Mills v. Workmen in F.L.R. 1968 (16) 242 S.C. to show that the decision of the Supreme Court in the case of the workmen of Western Indian Matches Company Ltd. v. Western Indian Matches Co. Ltd. in 1965 (5) F.L.R. 130 has been distinguished. The Union's reply on this point is that on the decision of the Supreme Court in the case of Western Indian Matches Company Ltd., the Tribunal can take the view that though no express notice of termination was given by the workmen or the Union to the Company according to the provisions of the section 19(6) of the Act, still from the conduct of the parties it can be safely gathered that by implication the terms of the award have been given a go-by.

It is common ground that previously there was only one Union, viz., Shree Ram Silk Mfg. Mazdoor Union. Subsequently that Union and another Union, to-wit, Sree Ram Silk Mfg. Co. Workers' Union, have been looking after the interest of the workmen. A reference to the award Ext. B shows that Shree Ram Silk Mfg. Mazdoor Union was a party to the settlement, dated 26th November 1963. It is true that no notice of termination of that award, according to the provisions of the section 19(6) of the Act, was given by the Union to the Company. The facts of the case of Bangalore Woollen, Cotton and Silk Company, cited on behalf of the Company, are distinguishable. The Memorandum of Settlement Ext. 10, arrived at between the parties on 4th December 1967 shows that as a gesture of goodwill and in order to maintain industrial peace, the Company agreed to pay ad-hoc increase in wages of Rs. 5 per month to all workmen from 15th October 1967. The parties also agreed that all the 8 issues under reference would be referred for adjudication by the Government. So such agreement and especially the grant of such increase of pay clearly show that by implication there was a termination of the terms of the aforesaid award Ext. B by such act and conduct of the parties. It may be stated here that it is possible to waive a notice under the section 80 C.P.C. Hence in the circumstances the notice contemplated by the section 19(6) of the Act has been waived. This preliminary objection is not accepted and it is held that though no notice under the section 19(6) of the Act was issued, this Tribunal can adjudicate upon all the aforesaid four issues.

Then about the common Issue No. 3. It has been stated on behalf of the Company that no charter of demands was submitted by the Union regarding leave facilities. Hence existing leave facilities, as incorporated in the award Ext. B, should stand. That award will disclose that each workman will get 4 days' casual leave and 9 days' festival holidays.

The Union has submitted the Memorandum of Settlement Ext. 4 arrived at between the Alkali & Chemical Corporation of India Ltd. and their workmen to show that by an agreement the festival holidays were fixed at 10 in a calendar year. Even the award Ext. B (1) filed by the Company regarding Vinar Co. shows the same thing. There is no reason why the similar facilities should not be granted to the workmen concerned. It is immaterial whether or not they submitted a charter of demands to the Company. It seems that the existing festival holidays of 9 days only are not adequate. Hence this Tribunal finds that henceforth the festival holiday will be 10 (ten) in a calendar year. It will continue to be decided according to the current practice and the 2nd October will be observed as one of those festival holidays.

Issue No. 4

It has been stated on behalf of the Union that the workmen of the jute division get almost free quarters, vide the evidence of the P. W. 4 Golam Mainuddin, General Secretary of Shree Ram Silk Mfg. Company's Workers' Union. The basic wages and the dearness allowance are too low. So it cannot be stated that the same includes an element of the house rent allowance as well. The Tribunal should give direction to the Company to give quarters facilities and house rent allowance to the workmen at the rate of Rs. 25 (Rupees twenty five only) per month.

The evidence of the O. P. W. 1 Vishen Lal Sharma, Office Superintendent of the Company, shows that the workmen do not get any quarters. But some of the workmen of the jute division get such facilities. He has clearly stated that the Company is not willing to grant such facilities to the silk workmen.

The case of Patna Electric Supply in 1959 (2) L.L.J., 366 shows that a scheme of wages properly fixed necessarily takes into account house rent allowance amongst other relevant factors and the house accommodation of industrial labour being the primary responsibility of the State, in the present economic condition of the industries, it would be expedient to impose on the employers, the obligations to provide house accommodation for their employees. The O. P. W. 1 Vishen Lal Sharma says that the Company has not been making any profits. Once the facilities for house rent allowance are granted, the same would become a condition of service. Since the Company is not willing to grant such facilities, it cannot be compelled by the Tribunal to do so and ask it to grant such extra benefit. Hence it is held that the workmen are not entitled to any quarters or house rent allowance from the Company.

Issue No. 5

It has been stated on behalf of the Union that the working hours may be reduced. The statements made on behalf of the Company are that the workmen work in 3 shifts and none of them works for more than 48 hours per week which consists of 6 working days per workman. The P. W. 4 Golam Mainuddin stated that the first shift of the Company is from 6 a.m. to 2-30 p.m., the next shift from 2-30 p.m. to 11 p.m. and the last one from 11 p.m. to 6 a.m. He has also added that the working hours of Alkali Company are from 6 a.m. to 2 p.m., from 2 p.m. to 10 p.m. and then from 10 p.m. to 6 a.m. and such are the working hours of Keshoram Rayon and Fort William Engineering. This has not been challenged in cross-examination. The O. P. W. 1 Vishen Lal Sharma has indicated in his evidence that the working hours of their jute concern are not more than 8 hours per shift. So considering the circumstances and specially when the shifts are rotated thrice, the Tribunal finds that the working hours per shift should not exceed (eight) hours.

Common Issue No. 6

It has been contended on behalf of the Union that the workmen have to work in the night shift as well which starts at 11 p.m. and ends at 6 a.m. Such night shift work tells upon the health of the workmen and hence they should get some allowance for such night shift.

It is common ground that the workmen work in 3 shifts which are rotated. The case of Bombay Port Trust in 1956 (2) L.L.J., 197 has been referred to show that where the night shift is worked on rotation, the claim for higher wages for work in the night shift is not justified. In the instant case, when the shifts are rotated, the workmen get facilities to work in the morning shift, in the afternoon shift and then in the night shift. So it is held that the claim for night shift allowance is not justified.

Common Issue No. 7

It has been stated on behalf of the Union that the Company has not started any canteen. The workmen do not get snacks and food at subsidised rates. So the Company should be directed to open a canteen straightway and grant canteen allowance to the workmen.

The section 46(1) of the Factories Act shows that the State Government may make rules requiring that in any specified factory where there are more than 250 workers, a canteen or canteens shall be maintained by the occupier for the workers' use. It has not been pointed out that any such rules have been framed by the State Government. The O. P. W. 1 Vishen Lal Sharma has stated that the Company has a contemplation to start a canteen and plans are being prepared for the purpose. He has added that the Company is not willing to grant canteen facilities readily to the workmen. There has not been any agreement between the parties to grant such facilities. In the circumstances, it is held that the Company cannot be directed to start a canteen or give canteen facilities to the workmen.

Common Issue No. 8

Bonus = 60 per cent. of the Available Surplus = Rs. 34,80,300.

It has been argued on behalf of the Union that the Company has separate accounts, documents, etc., for the jute division and the silk division. Instead of keeping such accounts separate, only one balance-sheet Ext. A/4, was published by the Hastings Mills Ltd. for the accounting year ended 1966-67. Since the separate accounts were not produced, the Tribunal should draw an adverse inference against the Company. There is a statement in the balance-sheet Ext. A/4 that the circumstances of the jute concern are unfavourable while the condition of the silk unit is favourable. Unless the accounts are separate, no such observation of favourable and unfavourable business can be made. The Company has deducted a sum of Rs. 24,46,182 on the heading of depreciation as per as Income Tax and Development Rebate Allowance amounting to Rs. 21,82,945 and Rs. 2,63,237, respectively. But these deductions were made fraudulently for the purpose of income tax by lump and not according to the provisions of Income Tax Act. There is no convincing evidence to show that there was actually such depreciation on the head of the Income Tax. Moreover, the Company's statement regarding the capital expenditure and the revenue is not convincing. Moreover, the Company has stated in the list that the reserved and the proposed dividend amount to Rs. 1,42,26,000 and 6 per cent. of the same works at Rs. 8,53,560. There is no basis for making such calculation and deducting that amount. It has been argued that the Tribunal should hold that even from the figures supplied by the Company, more than Rs. 10,000 should be made available and bonus for the year ended March 1967 should be paid at the rate of 20 per cent. of the annual earnings of each workman for 1966-67.

It has been argued on behalf of the Company that the calculations were correctly made according to the provisions of the Payment of Bonus Act, 1965. The depreciation was allowed as per calculation according to the Income Tax Act. The Balance-sheets will indicate that there were only revenue expenses and not capital expenses. It will clearly appear from the list Ext. 1 submitted by the Company, which was prepared by their Chief Accountant, O.P.W. 2 Ganesh Das Mundra, that the available surplus is minus 10 lacs odd. In view of such financial position of the Company there is no question of granting bonus at the rate asked for by the Union, since there is no available surplus. Under the section 10 of the Act, the Company is bound to grant the minimum 4 per cent. bonus and such bonus has been granted at that rate.

The section 23(1) of the Payment of Bonus Act raises a presumption of accuracy of the Balance-sheet and Profit and Loss Account of the Company. There is a proviso to that sub-section which says that where the authority concerned is satisfied that the statements and particulars contained in the Balance-sheet or the Profit and Loss Account of the Corporation or the Company are not accurate, it may take such steps as it thinks necessary to find out the accuracy of such statements and particulars.

The Company has put in the Balance-sheets Ext. A/4 for the year 1966-67. The accounts were duly audited and then published for Hastings Mills, under which both the jute unit and the silk are attached. The O.P.W. 2 Ganesh Das Mundra has given evidence and he prepared the aforesaid list, Ext. I. It appears from his evidence as well as from the statements of the O.P.W. 1 Vishen Lal Sharma that there are no separate accounts for the silk unit. The O.P.W. 2 Ganesh Das Mundra has stated that the calculation was made by him according to the Income Tax Act. Of course the reserves have been included in the proposed dividend. This is permissible when we consider the provisions of the section 6(d) of the Payment of Bonus Act read with the column 3 and the explanation at the end of the Schedule 3. None of the P.W'.s. says that the figures given by the Company are inaccurate. It has not been shown by the Union that any of the figures is incorrect. Hence there is no scope for saying that the Tribunal is satisfied that the statements and particulars contained in the Company's balance-sheet in question, Ext. A/4 are not correct.

Reference may be made to the case of Pakshmi Raja Studios in 21 F.L.R., 109, S.C., at pages 110 and 111 to show that the question whether two or more units or business under the same ownership form one industrial unit or more, has to be decided by applying the test of financial integrality and finding out whether there was unity of finance, employment and labour. When the owner of a business embarks on more than one business activity, it is for him to decide whether he will get the business activities separate or mingle them. If he mangles them, all the activities will become one unit and he cannot be heard to say that the high prices of one business should be disregarded in deciding whether there was surplus of profits for award of bonus. In that case the owners of a film studio carried on business in production of films and two of their businesses were mixed up and there was one capital fund, etc. It was held that the business should be treated as a single unit for the purpose of bonus, even though separate Profit and Loss Account and Balance-sheet had been drawn up for the two businesses and the workmen would get bonus if the entire business resulted in surplus of profits.

There is no challenge to the Company's assertions that there was only one capital of Hastings Mills in regard to the jute unit and the silk unit. Only one Balance-sheet Ext. A/4 was prepared in respect of various concerns of the parent Company, viz., Hastings Mills. When the parent Mills decided to mingle up the business and prepared a single Balance-sheet for its silk unit and other units, it must be held that the business should be treated as a single unit for the purpose of bonus and that consequently the workmen would get bonus if the entire business results in surplus of profits.

It has already been indicated that the presumption raised by the section 23(1) of the Payment of Bonus Act stands. The Union has not been able to satisfy this Tribunal that the statements contained in the Balance-sheet Ext. A/4 or in the list of calculation Ext. I are incorrect. A copy of the order of income-tax assessment Ext. K(1) has also been put in.

According to such order of assessment of income-tax, the depreciation has been calculated at Rs. 21,82,945. So there is no inaccuracy on that score as well.

The latest case of Metal Box Company of India Ltd. versus their workmen in the Civil Appeals Nos. 2138 and 2169 of 1965 says that the tax liability has to be calculated on the notional amount, worked out under section 4(6) and the Schedule 2 of the Payment of Bonus Act and such liability is to be worked out first by calculating gross profits and deducting therefrom the prior charges under the section 6 but not the bonus payable to the employees. In the circumstances, the submissions made on behalf of the Union are not accepted. The section 10 of the Payment of Bonus Act says that 4 per cent. is the minimum bonus which can be granted. The Company's list of calculation Ext. 1 shows that there was no available surplus and hence the prayer made on behalf of the Union that the workmen should get bonus at the rate of 20 per cent. of the annual earnings of each workman for 1966-67, cannot be allowed.

Common issues Nos. 1 and 2

These issues have been taken together for the sake of convenience. It has been agrued on behalf of the Union that the Tribunal should fix a wage structure and minimum wages must be paid to each workman. The dearness allowance has a direct link with the question of rise and fall in the price level. A workman gets only Rs. 105 per month at present, whereas the evidence of the P. W. 1 Shri Arun Sen and the list, Exts. 2, 3, 6, 7 and 8 will show that in the Jute Textile Industry a workman gets Rs. 138.60 P. as the minimum wages per month, in the Cotton Textile Industry, Rs. 143.10P. per month and in the Engineering Industry at Rs. 150.80P. per month, These amounts include the dearness allowance as well and the dearness allowance formula is generally linked up with the cost of the living index working at 1939-100. In the Alkali Chemical Corporation of India a workman gets the minimum wages and the dearness allowance at Rs. 237.64P., in the Fort William Engineering Works at Rs. 150.80P. in the Hasting Jute Mills at Rs. 138.60P. and the Jaya Sree Textile at Rs. 143.10P. per month. It will appear from the letter Ext. 7 of Shaw Wallace and Company that the minimum dearness allowance of a workman is Rs. 123. The letter sent by the Distillery Employees Union, Ext. 8, will show that a workman gets a minimum dearness allowance of Rs. 30 and the pay scale varies from Rs. 80 to Rs. 196 for each workman according to their classification. It is the case of the Company as well that a workman of the jute division of the same parent Company, viz., Hastings Mills Ltd., gets Rs. 138.60P. as the minimum wages including the dearness allowance. The evidence of the P.W. 1 Arun Sen, the P.W. 2, Jadu Gopal Sen and the P.W. 4 Golam Mainuddin will indicate that the industries concerns are situate in almost contiguous areas. Even according to the Company there are only two alleged similar concerns in West Bengal, viz., Calcutta Silk Mfg. Company and Vinar Company. No employee of those employees has deposed on behalf of the Company. Their account books and other documents have not been produced either by the Company. So the Tribunal is not in a position to judge what is the basic pay and the dearness allowance paid by the alleged similar concerns. At any rate, since there are only 3 silk units in West Bengal. the other two alleged similar concerns cannot furnish proper data for arriving at a correct solution on the question of wage structure keeping in view the principle of industry-cum-region basis. Since the number of the alleged similar concerns is very few, emphasis should be made on the region basis and not on the industry basis of the "industry-cum-region formula". Reference has been made to the case of French Motor Car Company in 1963 (6) F.L.R., 80 to show that in applying the principle of industry-cum-region, the wage prevailing in similar concerns in the same region has to be considered. Similar concerns would be in the same line of business and it would not be proper to compare a small struggling concern with a large flourishing concern. At any rate, Shree Ram Silk Mfg. Company is the most flourishing concern because Calcutta Silk Mfg. Company and Vinar Company are small struggling Companies. It cannot be considered as proper comparable units. The Tribunal should frame wage structure for the unskilled, semi-skilled, skilled and other categories of workmen of the silk unit and fix the dearness allowance at Rs. 100 (Rupees One hundred only) per month on the cost of living index figure of 400 (1939-100).

It has been contended on behalf of the Company that it has no financial capacity to bear the additional economic burden if by revising the pay structure, the Tribunal raises the wages and the amount of dearness allowance to be paid to the workers. In 1963, there was an agreement on the basis of which the award Ext. B was passed and the wages were revised at Rs. 70.20P. In 1966 wages were increased to Rs. 105. Then before the Conciliation Officer, a concession was granted by the Company by which an ad-hoc increase in wages of Rs. 5 per month to all workmen from the 15th October 1967 was granted. The Company is not in a position to grant any further increase in the wages because the stock has been accumulating and the number of working looms is becoming less, vide the evidence of the O.P.W. 1 Vishen Lal Sharma. He has also stated that the profits are gradually dwindling.

The evidence of the O.P.W. 1 Vishen Lal Sharma shows that the stock is gradually accumulating, the number of the working looms becoming less and the profits are also gradually dwindling. He has also stated that there are two other similar silk concerns in West Bengal and they are Calcutta Silk Mfg. Company and Vinar Company and their Company (Shree Ram Silk) pays the highest wages to the workmen. This statement stands unchallenged. Moreover, it will be pertinent to point out that not a single workman has been examined on behalf of the Union to make any contrary statement and assert that the wages and the dearness allowance paid to them are not satisfactory. The O.P.W. 1 Vishen Lal Sharma has also stated that the work of the silk industry is a simplier one since the fibre used by them is strong. His evidence in this regard also is accepted.

Reference may be made to the cases of Filmstan in 1966(1) L.L.J., 744 and Mathura Prasad Srivastava v. Saugori Company in 1966(2) L.L.J., 307 at page 310 to show that regarding the question of revision of wages, the Tribunal has to consider whether the financial position of the Company is such that it can bear the burden of a further wage increase. The wage structure prevailing in comparable concerns has to be considered and the industry-cum-region principle followed. Let us apply these principles of the facts and circumstances of the case.

It has already been seen that the financial position of the Company is not at all good. On that ground the Tribunal will reject the claim for revision of wages because it is not in a position to bear the financial burden if the wages and the dearness allowance be increased.

The awards Exts. B(1) and B(2) will show that 161 workers and 500 workers worked in the Vinar Company and the Calcutta Silk Company respectively.

It has already been indicated that the O.P.W. 1 Vishen Lal Sharma says that their Company pays the highest wages to the workmen. The award Ext. B(1) regarding the Vinar Company and the other 2 awards, Exts. B/2 and B/3 of Calcutta Silk Mfg. Co., go in favour of the Company. The Balance-sheet Ext. A/4 for the Company has also confirmed the statements that the financial position is not at all sound. Of course the Union has put in the statement Ext. 6 of Keshoram Rayon to show the rate of wages. But in that case such fixation was not by an award of the Tribunal, but pursuant to an agreement, vide the evidence of the P.W. 4 Golam Mainuddin. Moreover it is not at all a similar concern. The aforesaid Distillery, Engineering, Rayon and Alkali Companies are also not similar concerns. Vinar Company and Calcutta Silk Mfg. Company are not sick or struggling ones. Since they are similar concerns, the wage structure prevailing therein, has to be considered by this Tribunal on the footing 'Industry' basis and hence the 'Region' basis of the principle need not be emphasized. This is not a case regarding the clerical and subordinate staff of the Company. The wages and the dearness allowance paid by the Company are not at all insufficient. So considering the facts and circumstances of the case, the extent of business, the capital investment, the simple nature of work, the strength of labour, the dividend declared and the financial position of the Company, it is held that it is not necessary to revise the wage structure and increase the amount of the dearness allowance.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Calcutta Iron & Engineering Co. (Pvt.) Ltd., 77 Banaras Road, Howrah, and their workmen represented by Calcutta Iron & Engineering Workers' Union, 5 Hazzarimal Shah Road, Shalkia, Howrah, referred to this court under G.O. No. 3816-I.R./IR/10L-313/67, dated 25th June 1968. (Case No. VIII-C-65/68, under section 10, Industrial Disputes Act.)

BEFORE THE SECOND LABOUR COURT, WEST BENGAL

Present:

Shri M. MUKHERJEE, Judge,
Second Labour Court.

Appearance:

For the Company: S. K. Bhanja Chudhury, Advocate.

For the Union: None.

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Calcutta Iron & Engineering Co. (Pvt.) Ltd., 77 Banaras Road, Howrah, and their workmen represented by Calcutta Iron & Engineering Workers' Union, 5 Hazzarimal Shah Road, Salkia, Howrah, to this court by its order No. 3816-I.R./IR/10L-513/67, dated 25th June 1968, under section 10, Industrial Disputes Act, on the following issue:

Issue

Is the refusal of employment to Shri Provat Kumar Prodhan justified? To what relief, if any, is he entitled?

Usual notices were sent to the parties fixing 7th October 1968 for appearance and for filing written statement by the Union. The parties did not appear on that date. By my order No. 2, dated 7th October 1968, the record was put up for orders on 26th October 1968. The parties were absent even on that date. It appears from the record that the notice sent to the O. P.-Company was received on

7th October 1968, but the notice sent to the Secretary of the Union came back with an endorsement "unclaimed". There is also an endorsement that the postman went to the addressee on a number of days and informed him of the same, but he did not remain present for delivery of the letter. The record was put up on this date for orders by my order No. 3, dated 26th October 1968.

The O. P.-Company has appeared on this date and has filed a petition intimating that the dispute has been settled between the parties out of court and the petitioner-workman has received money from the O. P.-Company in full and final settlement of all his dues, claims and disputes with the O. P.-Company. A letter written by the petitioner-workman to the O. P.-Company, dated 10th November 1968, stating such facts has been made annexure to the O. P.-Company's petition as such.

On the facts of the case, I am inclined to accept that the parties have compromised the dispute pending between them. It is true that the Union has not entered into any compromise with the O. P.-Company, but the non-acceptance of the notice goes to indicate that the Union is not interested in proceeding with the industrial dispute. Be that as it may, the petitioner-workman is not inclined to proceed with the dispute. Under the circumstances, I am inclined to pass a "no-dispute" award. A "no-dispute" award be passed accordingly.

This is my award.

LABOUR DEPARTMENT

ORDERS

No. 8898-I.R./IR/10L-91/68.—14th December 1968.—Whereas under the Government of West Bengal, Labour Department, order No. 4942-I.R./IR/10L-91/68, dated the 15th July 1968, the industrial dispute between Messrs. Associated Electronics, 10 Princep Street, Calcutta-13, and their workman, Shri Chandra Deo Singh, represented by Messrs. Calcutta Motor Workers' Union, 19/2A Pitambar Ghatak Lane, Calcutta-27, regarding the issue mentioned in the said order being a matter specified in the Second Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Associated Electronics, 10 Princep Street, Calcutta-13, and their workman, Shri Chandra Deo Singh, represented by Messrs. Calcutta Motor Workers' Union, 19/2A Pitambar Ghatak Lane, Calcutta-27. (Case No. 249 of 1968.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri T. K. MUTSUDDI, Judge,
Fifth Industrial Tribunal.

Present for the Union: Shri Hiralal Roy, Advocate.

Present for the Company: None.

By the Government of West Bengal, Labour Department, order No. 4942-I.R./IR/10L-91/68, dated the 15th July 1968, this industrial dispute between Messrs. Associated Electronics and their workman, Shri Chandra Deo Singh, represented by the Calcutta Motor Workers' Union was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication. The issue for adjudication was as follows:—

Issue

Whether the termination of service of Shri Chandra Deo Singh, Driver, is justified? To what relief, if any, is he entitled?

The case of Chandra Deo Singh, at whose instance the reference has been made, is as follows:—

Shri Chandra Deo Singh was in the service of the Company for about 4 years. On 14th August 1967 he wrote a letter to the Company demanding overtime allowance, leave facilities, bonus, uniform, washing charges, etc. The Company sent a reply to this letter but his demands were not fulfilled.

Then at the instance of Shri Singh the Union wrote a letter to the Company demanding overtime allowance, etc. The Company thereafter terminated the services of Shri Chandra Deo Singh on the 12th September 1967 without assigning any reason whatsoever. It is alleged by the petitioner that the Company acted mala fide and against the principles of natural justice in dismissing him from service. The petitioner, therefore, prays for reinstatement and all back wages.

On receipt of notice the Joint Receivers of the Company authorised Shri Anil Nag, Advocate, to represent them in this case. But no written statement was filed on behalf of the Company though several adjournments were granted by the Tribunal suo motu. Ultimately on 28th November 1968 the case was taken up for ex parte hearing.

Ext. 4 is the letter by which the Company terminated the services of Shri Chandra Deo Singh. This notice is dated the 12th September 1967. By this notice the services of Shri Singh were terminated with effect from the 13th October 1967. It appears that the Company did not assign any reason for terminating the services of Shri Chandra Deo Singh. It further appears that Shri Singh sent a letter to the Company making some demands regarding overtime allowance, leave facilities, etc. Ext. 1 is that letter. It is seen that on 29th August 1967 the Union also wrote a letter to the Company making similar demands. The notice of termination of service is dated the 12th September 1967. It is clear that the Company terminated the services of Shri Chandra Deo Singh immediately on receipt of the letter from the Union. There is not a shadow of doubt that the Company acted mala fide and that it acted against the principles of natural justice. Shri Singh was dismissed from service for no fault of his own. He was dismissed simply because of the fact that he made some demands to the Company through the Union. It is thus clear that the termination of services of Shri Chandra Deo Singh by the Company was very very unjustified. It is a case of victimisation and unfair labour practice on the part of the Company.

It is, therefore, directed that the Company should reinstate Shri Chandra Deo Singh to his former post of employment and pay him all his back wages within one month from the date of publication of the award in the "Calcutta Gazette".

AWARD

The Labour Department, Government of West Bengal, has referred an industrial dispute between Messrs. Jawahar Cinema, 22 Keshab Sen Street, Calcutta-9, and their workmen represented by Bengal Motion Picture Employees' Union, 126A Dharamtala Street, Calcutta-13, to this court by its order No. 4328-I.R./IR/11L-412/67, dated 2nd September 1967, under section 10, Industrial Disputes Act, on the following issue :—

Issue

Whether termination of services of Sarbasree Indu Bhusan Bhattacharjee, Kishorilal, Paresh Ch. Banerjee, Md. M. Khan, Hariram Kahar and Anadi Goswami is justified? To what relief, if any, are they entitled?

Usual notices were sent to the parties directing them to appear on 24th October 1967 and the

Union to file its written statement by that date. The O. P.-Company filed a petition praying for extension of time for appearance. The Union was absent on that date. By my order No. 2, dated 24th October 1967, the record was put up on 6th November 1967 for filing written statement by the Union. The Union took time for filing written statement on that date and ultimately filed its written statement on 21st November 1967. By my order No. 4, dated 21st November 1967, the O.P.-Company was directed to file its written statement on 8th December 1967. The O. P.-Company took time for filing written statement on two occasions and ultimately filed its written statement on 26th February 1968. By my order No. 9, dated 29th March 1968, the case was fixed for hearing on 27th April 1968. After a few adjournments the case was taken up for hearing on 3rd September 1968, when one witness was examined on behalf of the Union. At this stage the O. P.-Company filed a petition for amending the typographical errors in its written statement, which was allowed and the case was fixed on 23rd October 1968 for hearing. This date being declared a local holiday, the case was fixed on 6th November 1968 for hearing by my order No. 15, dated 23rd October 1968/24th October 1968. On that date the parties prayed for an adjournment on the ground of compromise and by my order No. 16, dated 6th November 1968, the case was fixed on this date for compromise, in default, for hearing.

The parties have filed a joint petition of compromise stating the terms of settlement between the parties entered into and also praying for passing an award on the basis of the abovesaid settlement as such. The petition is under the signature of Shri Kaliprasad Jaiswal on behalf of the O. P.-Company and Shri Shib Nath Chatterjee, Organising Secretary of the Union and also bears the signatures of the Advocates of both the parties.

On a perusal of the terms of settlement contained in the joint petition of compromise, I find these to be lawful, reasonable and fair and that the parties have compromised the entire dispute pending between them. Under the circumstances, I am inclined to pass a 'no-dispute' award on the basis of the joint petition of compromise. A 'no-dispute' award be passed accordingly, which be made a part of this award.

This is my award.

Present:

Shri T. K. BANERJEE, Judge,

For the Company: Shri J. Datta Gupta, Advocate, Orr Dignam & Co., Solicitors.

For the Workman: None.

The Government of West Bengal, Labour Department, by its order No. 129-I.R./IR/10L-58/66, dated the 11th January 1968, referred this industrial dispute between Messrs. Remington Rand of India Ltd., 493-C G. T. Road (South), Ramkrishtapur, Howrah (hereinafter referred to as the Company), and their workman Shri Kashinath Dutta, 6 Madhu Gupta Lane, Calcutta-12, to this Tribunal under section 10 read with section 2A of the Industrial Disputes Act, for adjudication on the following issue :

Issue

Whether the termination of service of Shri Kashinath Dutta is justified? To what relief, if any, he is entitled?

After service of notices both the parties appeared and filed their written statements.

The case of the concerned workman as made out in his written statement is that he is a permanent workman of the Company since 1961, drawing a monthly salary of Rs. 125. He suddenly fell ill on 19th July 1964, and had been undergoing treatment under the Employees State Insurance Corporation being affected by Tuberculosis. The Employees State Insurance Doctor advised him to take complete rest and to undergo treatments, and he immediately informed about it to the Company on the same day. During his illness he duly informed the Company from time to time regarding his condition of health and also gave reasons for not reporting for duty. It is the grievance of the workman concerned that during the period of his treatment his services were illegally and wrongfully terminated by the Company with utter disregard to the fact that he was then undergoing treatment under the Employees State Insurance Corporation. It is his further complaint that such action of the Company is illegal, mala fide and ultra vires, and that his services have been terminated by violating the principles of natural justice and with a motive of victimisation.

The Company has stated in their written statement that they were not at all aware if Kashinath Dutta fell ill on 19th July 1964, or was undergoing treatment under the Employees State Insurance Corporation, as alleged. The Company did not receive any application for leave on medical ground or any medical certificate from him since 20th July 1964, till his services were terminated with effect from 19th January 1965. The Company submits that since 19th July 1964, the whereabouts of Shri Datta were neither known nor reported to the Company till the termination of his service in spite of the Company's best efforts to trace his whereabouts, which will appear from the Company's letters, dated 24th August 1964 and 12th November 1964. Shri Datta did not send any leave application or medical certificate to the Company prior to his termination of service; but subsequently he sent several medical certificates from various medical chambers after his services were terminated by the Company's letter, dated 19th January 1965. The Company submits that according to the standing orders of the Company absence without permission for a period not exceeding 8 consecutive days is a major misdemeanour which warrants dismissal and that as Shri Datta absented himself for about six months without permission, the Company had no other alternative but to dismiss him from service with effect from 19th January 1965.

After several adjournments on the prayers of the parties, including two for effective compromise, the case was fixed for hearing on 14th November 1968. On that day the workman filed an application for adjournment supported by a medical certificate while his lawyer informed the Tribunal that he had withdrawn his representation in this case. In these circumstances the case was adjourned to 4th December 1968, for hearing. On 4th December 1968, the workman did not appear but an application for adjournment supported by a medical certificate was filed on his behalf along with a fresh letter of authority. But none appeared to move this application even up to 8 p.m. By his petition, dated 4th December 1968, the workman has prayed for time to file objection ; but there is no scope for filing objection in this stage. I am also not inclined to rely on the medical certificate filed along with the said application. It appears to me that this prayer for adjournment made on behalf of the workman is only a device to delay the matter. In these circumstances, the prayer for adjournment was refused, and the case was taken up for ex parte hearing.

The Company has examined its Personnel Manager, Shri Bimal Kumar Chakraborty (P.W. 1), who has deposed that Kashinath Dutta, the concerned workman, remained absent from duty since 10th July 1964, without any intimation to the Company, that as the workman was absent from duty, he, on behalf of the Company, wrote a letter to him on 24th August 1964 (Ext. A) and on 12th November 1964, he wrote another letter to him (Ext. A/1), that as the said workman did not reply to those letters and continued to remain absent from duty, the Company dismissed him from service by a letter, dated 10th January 1965 (Ext. B), and that the workman was dismissed from service for major misdemeanour under section J(2) (vi) of the Standing Orders of the Company (Ext. C). The concerned workman has not been able to file a single scrap of paper to show that he ever informed the Company regarding his alleged illness since 19th July 1964, or prayed for leave on medical ground or an any ground whatsoever. There is no dispute regarding the fact that he was absent from duty since 19th July 1964 till the date of his dismissal. Letters, Ext. A and Ext. A/1, indicate that the Company wrote these two letters to the workman on 24th August 1964 and 12th November 1964, respectively, asking him to report for duty within four days and explain his unauthorised absence to the management. By the letter, Ext. A/1. dated 12th November 1964, the Company clearly informed the workman that if he failed to explain his absence to the management within the stipulated time then his service would summarily dispensed with. There is nothing on record to show that the concerned workman replied to any of these two letters, Ext. A and Ext. A/1. In these circumstances I am inclined to believe the Company's case that Kashinath Dutta, the concerned workman, did not send any intimation leave application or medical certificate to the Company prior to his termiation of service on January 19, 1965. By the letter of dismissal, Ext. B, dated 19th January 1965, the management treated him as having left the service of the Company on his own as the workman concerned was absenting from 20th July 1964, till date. Under section J(2) (vi) of the Standing Orders of the Company, Ext. C, a workman is liable to dismissal for major misdemeanour, viz., habitual absence without permission, or absence without permission not exceeding eight consecutive days. In the instant case the concerned workman was absent from duty for about six months without permission of the Company from 20th July 1964, till January 19, 1965, when the letter of dismissal was issued. The order of dismissal passed by the Company is thus in conformity with the Standing Orders of the Company. P.W. 1 has stated that after the letter of dismissal was issued on January 19, 1965, the workman sent seven receipts of Employees State Insurance Corporation to the Company which were collectively marked Ext. D. One of these receipts bearing serial No. B-134777 alone covers the entire period of absence of the concerned workman, viz., from 19th July 1964 till 5th February 1965. No reliance can be placed on this receipt as it neither bears any date nor is in conformity with the rules inasmuch as the period mentioned in this receipt exceeds more than four weeks. This receipt again was not sent to the Company prior to the issue of the letter of dismissal.

On the materials in the record and in view of what I have stated above, I therefore hold that the termination of service of Kashinath Dutta, the concerned workman, is justified, and that he is not entitled to any relief.

This my award.

AWARD

The Governor, by Government of West Bengal, Labour Department, order No. 2711-I.R./IR/10L-191/67, dated the 21st June 1967, was pleased to refer an industrial dispute between Messrs. Champion Neon Signs and Satal Engineering Works, 16 British Indian Street, Calcutta-1 (hereinafter called the Company) and their workmen represented by Champion Neon Signs and Satal Engineering Works Mazdoor Sabha, 19/2A Pitambar Ghatak Lane, Calcutta-27, (hereinafter called the Union), for adjudication to this Industrial Tribunal. The industrial dispute aforesaid centered on the following issues :—

Issues.

1. Grades and Scales of Pay.
2. Dearness Allowance.
3. Leave and Holiday (Festival).
4. Gratuity.

On receipt of the order of reference, this Tribunal registered a case on 1st July 1967 and issued notices to the parties fixing 8th August 1967 for their appearance and filing of written statement by the Union. On 8th August 1967 the Union filed a petition praying for 15 days' time to file its written statement. Shri J. R. Jain appeared for the Company, but time being granted the Union filed its written statement, a copy of which was made over to the Company. The Company was then called upon to file its written statement which it did on 23rd September 1967. Thereafter, various dates were fixed and the case passed through usual preparatory stages leading to the peremptory hearing. The Tribunal then fixed 25th July 1968 for hearing of the case. On 25th July 1968 Shri H. L. Roy, Advocate, appeared for the Union and Shri J. R. Jain, Labour Adviser of the Company, appeared for the Company. The parties filed a joint petition praying for adjournment on the ground that a talk of settlement was going on between the parties. After hearing both the sides, the prayer for time was granted and 9th September 1968 was fixed for hearing of the case in case a compromise could not be effected. On 9th September 1968 Shri S. N. Roy Choudhury, President, appeared for the Union and Shri J. R. Jain, Labour Adviser, appeared for the Company. They filed a joint petition of compromise which bears the signature of Shri Kamal Kumar Soi for the Company and of Shri S. N. Roy Choudhury, President of the Union, for the Union. In the petition the parties have prayed that the Tribunal should be pleased to accept the terms of compromise as fair and reasonable and pass an award in terms thereof.

I have perused the terms of compromise set out in the petition filed by the parties. To me, it appears that the terms set out therein are fair and reasonable. The terms set out therein have been accepted by the parties and there is no reason why this Tribunal should stand in the way of compromise. Therefore, accepting the petition of compromise filed by the parties, I hereby pass a compromise award and dispose of this case. The joint petition filed by the parties shall form an integral part of this award and be published as annexure 'A' thereto.

Usual number of copies of this award be sent to the State Government for necessary action.

Notices were duly served on the parties. The Company made appearance on 6th November 1968, but none of the Unions appeared on that date. Thereafter three successive dates were fixed by the Tribunal, *suo motu*, in order to give chance to the Unions for appearance and filing written statement, but none of the Unions, did appear on any of the dates fixed. In the circumstances it seems that the workmen do not have any grievance against and dispute with the Company, and that is why Unions representing them are not interested in pursuing the case under the present reference. It is, therefore, of no use to keep the file burdened with this reference any more. Accordingly, I pass a 'no-dispute' award in this case, and dispose of the reference.

AWARD

The Government of West Bengal, Labour Department, by its order No. 7238-I.R./IR/11L-448/68, dated the 25th September 1968 referred to this court under section 10 read with 2A of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute relating to the undermentioned issue existing between Messrs. Sehgal Brothers, 20 Ganesh Chandra Avenue, Calcutta-13, and their workman Shri B. B. Sarker, 41/1/2 Biren Roy Road (West), Calcutta-8, for adjudication.

Issue

Whether the termination of service of Shri B. B. Sarker is justified? To what relief, if any, is he entitled?

Notices of this proceeding were duly issued to the parties concerned directing them to appear before this court on 28th October 1968. The Company, it appears, refused to accept the said notice and did not attend court on the date fixed, i.e., 28th October 1968. It also did not attend court and take any step whatever in connection with this reference, thereafter on the several dates fixed in the case. The worker concerned, however, was present on 28th October 1968 and he was directed to file his written statement by 11th November 1968. The written statement, however, was not filed by the worker concerned as directed within the time fixed and he did not care to take any step whatever in connection with this reference, thereafter on the several dates fixed. In such circumstance, I am inclined to think that the parties are no longer interested in the reference and that the dispute under reference is no longer in existence. I accordingly pass a 'No-dispute' award. The instant reference is accordingly disposed of.

AWARD

The Government of West Bengal, in its Labour Department, by order No. 3289-I.R./IR/8L-25(A)/67, dated 18th July 1967, has referred to this Tribunal an industrial dispute between Messrs. Bowreah Cotton Mills Co. Ltd., P. O. Bauria, district Howrah, and their workmen represented by Bowreah Cotton Mills Employees' Union, P. O. Bauria, district Howrah, for adjudication in respect of the following issues :—

Issues

1. Categorisation of the clerks and revision of wages, grades and scales of pay.
2. Recruitment of Supervisors.
3. Housing accommodation or house rent in lieu of it.

The case of the Union as made out in the written statement is that there are 146 monthly paid clerical staff in the Company. That the existing clerical staff are divided into two categories without any scientific basis and in an arbitrary and capricious manner. The two categories are—(i) category of junior clerk, (ii) category of weekly paid clerk. That the clerks are designated as report checker, first piece checker, samples cloth receiver and measurer, production checker, measurer bale recorder, etc. That the Company was a party to the Cotton Textile Tribunal Awards in West Bengal in 1948 and 1958, and also in the Wage Board Decision for the Cotton Textile Industry. That in none of the said Awards and Decisions the clerks of the Cotton Mill, were designated or described as in this Company, as such the clerical staff of the Company have always been denied the benefits which were intended for them. That in the Cotton Textile Awards of West Bengal, the clerks were given two scales—(i) for Matriculates and the other for non-Matriculates. That the Cotton Textile Wage Board fixed the scales of pay of the junior clerks and semi-clerks. That the weekly paid clerks are all full-fledged clerks and they are so designated only to deprive them of their legitimate scales of pay. It is significant to state that the Union having agitated against this mala fide system of the Company, a conciliation-settlement was reached between the parties on 3rd August 1956 for abolition of the system of weekly paid clerks and for confirmation of all of them as full-fledged clerks.

That there are two types of supervisors (i) Senior Assistants, numbering 55, (ii) Junior Assistants, numbering 51, of whom about 45 are technically qualified and about 61 are non-technical. That the technically qualified staff do the programme of the department and attend to the maintenance of machines, while the non-technical supervisors look after production, do the clerical jobs in departments and offices, and of the existing clerical staffs, doing clerical duties are also designated as supervisors. That the Company in recruiting the said supervisors do not follow any rule whatsoever, to the serious discontent of the clerical staff, while the Company recruit technically qualified supervisors by advertisements, in the case of recruitment of non-technical supervisors recruitment is done privately, arbitrarily, and by way of favouritism and nepotism.

That in regard to housing accommodation also the Company pursue discriminatory treatment in regard to the workmen, while the members of the supervisory staff are provided with rent free furnished quarters, some clerical staff are given rent free quarters. That industrial dispute was raised by the Union in regard to the aforesaid matters, and accordingly a Charter of Demand was placed before the Company on 29th July 1966. That as no settlement was possible the matter was referred to the Labour Directorate, Government of West Bengal. That all attempts of the conciliation however failed because of the adamant attitude of the Company and ultimately the disputed issues were referred to the Tribunal. It is prayed that the existing categories of clerks should be revised and named as Chief Clerk, Departmental Head Clerk, Senior Assistant and Junior Clerk. The proposed grades and scales of pay of these clerks have been mentioned in the written statement. It is also prayed that the recruitment of Supervisors in department and in office should be done by promotion from the clerks on the basis of seniority-cum-efficiency. It is further prayed that all the clerical staff should be provided with free housing accommodation or should be paid in lieu thereof 10 per cent. of their total wages, subject to minimum of Rs. 30 per month.

The Company's case is that the categorisation that is at present being followed is as a result of the Award of the First Wage Board for Cotton Textile Industry and the increased benefits arising therefrom are being fully enjoyed by the clerical staff represented by the Union. It is also stated that there is no category of weekly paid clerk prevailing in the Company's service. It is submitted that the Union is under misapprehension that any clerical staff has been designated as operatives. The categories mentioned in paragraph 6 of the written statement of the Union are all operatives and not clerks and as such the denial of benefits and/or the existence of serious unrest in this regard do not arise as alleged or at all. It is submitted that there are only Junior Clerks as categorised and covered by the First Wage Board Award for the Cotton Textile Industry. The Company states that the Memorandum of Settlement, dated 3rd August 1956, enclosed as Annexure 'A' was entered into merely to upgrade the weekly paid clerks then existing, as monthly paid clerks. The Company states that at the time of the said agreement and many years before the categories of operatives, such as, report checkers, 1st piece checkers, samplers, etc., were in existence as operatives as per the Award of 1948 and therefore continue till today. It is stated that the Second Central Wage Board for the Cotton Textile Industry is already sitting and their recommendations are expected to take effect from the year 1965. That any revision in the categorisation of the clerical staff as demanded by the Union will be only premature pending the decision of the Second Central Wage Board for the Cotton Textile Industry in regard to the same. The Union having been a party to the First Wage Board recommendations and having been in enjoyment of the same, is bound to await the recommendation of the Second Central Wage Board in regard to any of their claims. It is submitted that the recruitments and promotions to the technical and supervisory cadres are purely management functions and the Company will at the time of hearing place the necessary judicial decisions in this regard. However, the Company states that wherever the incumbents have been found to be fit and deserving they have been duly promoted to higher cadres from among the clerical staff subject, however vacancies being available.

With regard to the housing accommodation the Company denies the allegation to the effect that there has been any discrimination. It is submitted that none of the issues referred to before this Tribunal is maintainable. That the claims made by the Union are frivolous and vexatious and amount to abuse of the process of law.

I first take up the issue No. 1 which read as follows:—Categorisation of the clerks and revision of wages, grades and scales of pay.

The Company raised a preliminary point and the matter was heard on 27th September 1968. On that day it was ordered "The preliminary objection raised by the Company with regard to issue No. 1 is however kept open". The same preliminary point has again been taken by the Company and argument has been made by the learned Advocate Mr. C. L. Ganguli. Mr. Ganguli submits that the present reference is not maintainable inasmuch as the issue No. 1 has already been settled by different awards and decisions of the Wage Boards and by a tripartite settlement. It is stated that there were awards in 1948 and 1958. Then there was report of the Wage Board in 1959. Then there was tripartite settlement in 1961 and the report of the Second Wage Board is expected to be published at any moment. Thus as the existing awards and settlement have not been terminated as yet the issue No. 1 cannot again be decided by this Tribunal. In this connection it is also submitted that the Union is acting upon the awards and settlement by enjoying benefits. So they cannot raise any dispute so long the awards and the settlement have not been terminated. Mr. D. L. Sen Gupta, Advocate, appearing for the Union, submits that the existing awards and settlement have all been terminated as a Charter of Demands was placed by the Union on 29th July 1966. In the said Charter of Demands the workers claimed revision of grades and scales of pay and categorisation of clerks. Mr. Ganguli contends that the said Charter of Demands cannot terminate the existing awards and settlement as in the said Charter of Demands it has not been stated that the awards and settlement have been terminated. Mr. Sen Gupta, on the other hand, submits that it is not at all necessary to state specifically that the awards, settlements have been terminated. The awards and settlement will be deemed to have been terminated as soon as a Charter of Demands is placed. Mr. Ganguli refers to a decision reported in 1964-I, LL.J. p.100 (Cochin States Power, Light Corporation Ltd. and Its workmen). It has been held in this case by their Lordships of the Supreme Court—"After the expiry of the period of settlement by efflux of time, the union submitted a charter of demands. In the Charter of Demands it was stated that the union had resolved to terminate the settlement and submit the present demands. There was specific statement made therein that the settlement was being terminated thereby. In the circumstances, it must be held that there was sufficient notice as required under section 19(2) of the Industrial Disputes Act, 1947, and hence the reference in regard to items covered by the settlement must be held valid. There is no form prescribed for terminating settlement under section 19(2) of the Act and all that has to be seen is whether the provisions of section 19(2) are complied with and in substance a notice is given as required thereunder." "In the case, before their Lordships it was not specifically mentioned in so many words that the settlement was being terminated thereby. Their Lordships were of opinion that the Charter of Demands itself showed that the Union terminated the existing settlement and thereafter submitted a charter of demands to the appellant, and so in their Lordships' opinion sufficient notice to the appellant in substantial compliance with the provisions of section 19(2) was given."

The Charter of Demands is Ext. A. In item No. 2 under the heading categorisation of clerks and revision of grades and scales of pay of Ext. A, the Charter of Demands, the Union ventilates its dissatisfaction with the existing classification of clerks and claims different grades and scales of pay for the clerks. Amongst the demands that were made in Ext. A three issues including issue No. 1 has been referred to this Tribunal. In the present Charter of Demands Ext. A there is no mention that the Union has terminated the previous awards and settlements. But relying on the observations of their Lordships in the cases referred to above I am of opinion that placing of Charter of Demands is sufficient to indicate termination of the award of settlement. Mr. Ganguli also refers to another decision reported in 1968-I, LLJ. 555 (Bangalore Woollen, Cotton and Silk Mills Company, Ltd. and Their workmen and another). In this case it was held—"Intimation regarding the termination of an award must be fixed with reference to a particular date so as to enable a Court to come to the conclusion that the party giving that intimation has expressed its intention to terminate the award. Such a certainty regarding date is absolutely essential, because the period of two months after the expiry of which the award will cease to be binding on the parties will have to be reckoned, from the date of such clear intimation." The facts of the case referred to above are completely different from the facts of the present case and the observations of their Lordships referred to above do not apply to this case.

The decisions cited by Mr. Ganguli therefore do not help him. I am of the opinion that issue No. 1 is quite maintainable and this Tribunal has jurisdiction to enter into the merits with regard to issue No. 1.

One of the main demands of the Union with regard to issue No. 1 is that the Company has given appointment to some clerical staff by giving them a special name as "weekly paid checker" though they are made to perform clerical job and in fact they are doing all clerical jobs of a full-fledged clerk by such appointment denying them the benefit of permanent full-fledged clerks, illegally and unjustifiedly. P.W. 1 a clerk has been examined on behalf of the Union. It is his evidence that the Company has officially created the posts of Report Checker, First Piece Checker, Sampler, Cloth Receiver and Measurer, Production Checker and Measurer and Jobber. The persons holding the so-called offices do the work of clerks, but they do not get the scales which have been provided for the clerks. The Company's stand is that these persons do mostly manual work and as such they should not be classified as clerks. It is of course, admitted that some of these persons have to do clerical works but that cannot change their designation. It is further contended on behalf of the Company by Mr. Ganguli appearing for the Company that under issue No. 1 that is categorisation of the clerks and revision of wages, grades and scales of pay, the Union cannot come forward with the demand that certain section of people who are admittedly doing the clerical work should be classified as clerks. Mr. Ganguli submits that the categorisation, if any, can be made only with regard to the persons who are admittedly clerks. Admittedly, the persons designated by the Company as Report Checker, First Piece Checker, Sampler are not clerks. It is true that in the Charter of Demands Ext. A the demand was made by the Company for discontinuance of the weekly paid persons and redesignating those persons as clerks.

Considering all the facts of the case I am of opinion that the persons who are admittedly working as Report Checker, First Piece Checker, Sampler, Cloth Receiver and Measurer, etc., though they may be doing the work of clerks cannot now be categorised as clerks because the scope of this Tribunal is limited only within the clean meaning of issue No. 1. I am of opinion that issue No. 1 empowers this Tribunal only to categorise the existing clerks of the Company. This Tribunal therefore cannot give any relief to these persons.

The other demands of the Union is that admittedly there is only one class of clerks in the Company and the clerks of the Company are described as Junior Clerks. This is most unfair and the Company has not implemented the First Wage Board decision. The First Wage Board decision has been referred to me and I find that it was decided by the Wage Board that scales and the grades of pay of the clerks should be fixed by the Company in consultation with the Union. Admittedly that has not been done. It is the case of the Company that all the clerks more or less do the same kind of work and as such there is no necessity of classifying the clerks as senior and junior. The Union, on the other hand, submits that it is absurd to say that all the clerks in the Mill numbering about 150 do the same kind of work. There are various departments and in each department there is a departmental head and again there are some clerks who do the works which are more responsible than the work done by other clerks. P.W. 1 has proved Ext. 4 which is the existing organisational set up in Howrah Cotton Mills Co. Ltd. In the said Ext. 4 he has demanded on behalf of the Union different types of clerks. Mr. Ganguli appearing on behalf of the Company submits that there is no evidence on record to show that some of the clerks do special type of work and for that they should be designated as senior clerks and get special grades and scales of pay. P.W. 1 deposes that Ext. 4 has been prepared by him. The departments and sections shown in Ext. 4 are sections which exist in the Company. Persons named by him exactly work in the sections and departments as shown in Ext. 4. Right hand columns of Ext. 4 are their claims. The designations and groupings are in pursuance of their claims. The Company does not describe the clerks as Head Clerks and Chief Clerks. Persons whom they have claimed to be designated as Chief Clerks are the seniormost in the respective departments. In all the departments and sections they have claimed one Head Clerk. The persons who work as per instructions of Head Clerk should be designated as senior assistant according to their claim. Persons who do the copying work and other routine work should be designated as junior clerk according to their claim.

Thus I find that there is sufficient evidence on behalf of the Union to show that there are different types of clerks doing different kind of work in the Mills. On this point P.W. 1 could not be shaken in cross-examination. As I have already indicated the Company has not implemented the decision of the First Wage Board and has not classified the clerks. It is most unnatural to think that all the clerks in the Mills numbering about 150 do the same kind of work and that all the clerks should be treated as junior clerks.

I am, therefore, of the opinion that the clerks should be classified. In each department and section there should be one Head Clerk, one-fourth of the clerks should be classified as senior clerks. Out of these senior clerks the Head Clerk should be selected. The grades and scales of senior clerks and Head Clerks should be fixed by the Company after consultation with the Union without any further delay.

Issue No. 2:

With regard to issue No. 2 P.W. 1 deposes that there are 110 technical supervisors and about 60 non-technical supervisors. Non-technical Supervisors are appointed partly from the clerks and partly from outsiders. At the time of appointing non-technical supervisors no rule or procedure is adopted. He admits that out of 60 non-technical supervisors 13/14 have been recruited from clerks. The rest have been recruited from relations and friends of the management. O.P.W. 2 the Head Time Keeper of the Company deposes that while a vacancy occurs in the post of Supervisors they first contact the Employment Exchange. If no suitable candidate is available then they consider the question of promotion from the employees and also they recruit Supervisors from outsiders. They appoint Supervisors on the basis of efficiency. There are 11 Supervisors who have been promoted from the employees. This part of his evidence could not be challenged in cross-examination. That some clerks have been promoted to Supervisors is admitted. I therefore find nothing wrong in the procedure adopted by the Company in the matter of appointment of Supervisors. The claim of the Union with regard to issue No. 2 cannot be entertained.

Issue No. 3:

It is the case of the Union that some employees do get housing accommodation or house-rent and most of the employees do not get any such benefit. This is a clear discrimination and all the Employees should get housing accommodation or house rent in lieu of it. Housing accommodation or house rent cannot be demanded as a matter of right. Question of housing accommodation or house rent is considered by the management at the time of fixing wages. Again the evidence adduced by the Union to establish that the Company is discriminating the workers is most meagre. I, therefore, find that no relief can be granted to the workers under issue No. 3.

All the issues are thus disposed of.

This is my award.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

By order No. 4728-I.R./IR/7L-36/67, dated Calcutta, the 18th September 1967, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Northbrook Jute Co. Ltd. and their workmen represented by Hooghly Zillah Chatkal Mazdoor Union, for adjudication on the following :

Issues

1. Is the supersession of Shri Shewnath Singh in the matter of promotion to the post of a Havilder justified? To what relief, if any, is he entitled?

2. Is the closure of 150 broad looms with effect from 8th May 1967, justified? To what relief, if any, are the workmen entitled?

After service of usual notices parties entered appearances and filed their written statements.

Appearances of the parties are as follows :—

For the Company : Shri S. C. Sen, Advocate.

For the Union : Shri Phani Ghosh, representative of the Union.

I propose to discuss the cases of the respective parties issuewise. Issue No. 1 is taken up for consideration.

Issue No. 1:

The Union's case is that Shew Nath Singh, Durwan of Northbrook Jute Mills, had been superseded by a much junior hand although there was no charge of inefficiency against Shew Nath Singh who was decidedly the seniormost and had officiated as Havilder and, in doing so, the Company apparently resorted to unfair labour practice in refusing the claim of Shew Nath Singh. The supersession of Shew Nath Singh being thus mala fide and vindictive, he is entitled to be promoted to the post of Havilder with retrospective effect. The Union therefore prayed for an award directing the Company to promote Shew Nath Singh to the post of Havilder with retrospective effect.

The Company's case, in short, is that the security staff of the group of jute mills, commonly known as Jute Mill of Bird and Heilgers, are appointed in a common pool and they are posted to individual mills with liberty to be transferred from one mill to another belonging to this group. Such security staff of the mills are generally divided into four categories with different rates of wages. Hirearchy of such staff is as follows:—

(1) Jamadar,
(2) Havilder,
(3) Line Durwan and
(4) Durwan.

It is stated that in Northbrook Jute Mills out of the two permanent Havilders, one post fall vacant when Tukaram Sattam resigned on 17th December 1965. Following the prevalent custom and practice some of the Durwans and the line Durwans were put on trial for the purpose of finally selecting one out of them for the post in question. On completion of the trial the manager of the mill sent his report in respect of the four persons placed on trial. The said report has been made Annexure 'A' to the written statement filed by the Company. It appears from that report that in the Manager's opinion Probhunath Singh and Ram Balak Singh out of the four Durwans were found fit for the post of permanent Havilder. The Security Officer then requested the manager of the mill to put both these persons for a further trial to enable him to make the final selection and upon such second trial or re-trial the management decided to appoint Ram Balak Singh, the line Durwan as the permanent Havilder but in view of the fact that in the meantime dispute had already been raised, the management allowed Ram Balak Singh to work as the Havilder in the permanent vacancy without filling up the post permanently. Company's case is that though Ram Balak is junior in service to Shew Nath Singh he was found more efficient for the post in question and in fact he was already at the material time in a rank higher to that of Shew Nath Singh and drawing higher salary as well. In the circumstances since the question of promotion to a higher rank was the management function and the selection was made upon such trial and re-trial in a bona fide manner the management's decision in this regard should not be interferred with by the Tribunal when there was no mala fide on the part of the management. The management further denied that this selection either amounted to any supersession or a mala fide one.

Shew Nath Singh examined himself as P.W. 1. He tried to maintain in his cross examination that the Durwan and the line Durwan were at per on the question of pay but he had to admit during cross-examination that a line Durwan gets Rs. 2 and odd paise as allowance and such allowances are treated as included in the basic pay. There was, therefore, an apparent admission on his part that the line Durwan Ram Balak Singh was getting at the material time higher wages than what Shew Nath was getting. In the hierarchy of the security staff line Durwan Ram Balak Singh was placed in a rank higher to that of Shew Nath Singh. We have it from the evidence of O.P.W. 1, Security Officer Shibaji Roy. Exts. A, B and C would show how on consideration of seniority-cum-efficiency four Durwans were placed on trial and out of them Probhunath and Ram Balak Singh were placed on re-trial for final selection and we have it from the evidence of O.P.W. 1, that Ram Balak Singh was eventually selected for the post of Havilder caused by the resignation of Tukaram Sattam. Shri Ghosh for the Union argued that when there was no rule to put anybody on trial or re-trial for the purpose of selection to the higher post, the Company should have adopted the rule of universal application and selected the seniormost man Shew Nath

Singh as the Havilder and not having done that it would be an instance of unfair labour practice. In support of his above conclusion he relied upon the case reported in 1961 (1) L.L.J., at page 686. The facts of that case were however altogether different and distinguishable as such. There the Labour Court found that the superseded employees were not only senior but were also better qualified for the promotions and it further found that they have been deprived of the said promotions because they belonged to a particular Union. As such on grounds of unmerited promotions and partialities towards one set of workers, it was held by the Labour Court that it was an instance of unfair labour practice. In the case before us the management placed four persons including Shew Nath Singh on trial. Two persons were selected for re-trial and finally Ram Balak Singh was selected for the post of Havilder. Ram Balak Singh being apparently senior in rank or hierarchy of the security staff and also drawing higher wages, the selection could not be properly described as a case of supersession. In any event, no mala fide of the management could be imputed in this regard, for less victmisation of Shew Nath Singh. Shri Ghosh then contended that the service record of Shew Nath Singh had not been taken into consideration. The management very fairly placed the service record before me and I found therefrom that Shew Nath Singh had a warning for being careless and inalert while on duty on 22nd April 1953. He had a second warning for gross neglect of duty on 10th March 1964 and finally charge-sheeted on 4th July 1968 for disorderly behaviour. The statement made by Shri Shew Nath Singh, P.W. 1, in cross examination in denial of the suggestion about being warned on 24th April 1953 and 10th March 1964 was apparently made to suppress the real facts and Shew Nath Singh was clearly exposed by the service record produced by the management before this Tribunal for consideration.

The decision reported in 1957 (II) L.L.J., at page 559 re-affirmed the position decided in Uttar Pradesh Electric Supply case (1952, L.A.C. 346) where it was decided that promotion did not depend on the length of service only. Other factors, such as efficiency and educational qualifications should also be taken into consideration. The above decision further reaffirmed the decision in Assam Oil Company case reported in 1954, L.A.C., 543 where it was held that the Tribunals will not interfere in matters of promotions unless the power has been improperly exercised by the management Same view was taken in Brooke Bond's case reported in 1966 (I) L.L.J. at page 402. It was held that promotion was a management function and only there might be occasions for interference where it is felt that persons superseded had been so superseded on account of mala fides or victimisation.

Viewing the question before us in the light of facts, circumstances and the decisions mentioned above, the Tribunal has no hesitation to hold that there was no question of any interference with the management function when there was no evidence of mala fides or victimisation. In the above view of the matter this Tribunal holds that there was really no supersession of Shew Nath Singh and the word "supersession" used in the order of reference was in a sense misconceived. In any event even if it be construed as a case of supersession, it was fully justified and as such Shew Nath Singh is not entitled to any relief. This disposes issue No. 1.

Issue No. 2:

The Union's case is that as a result of the closure of 150 broad looms with effect from 8th May 1967 about 650 workers were rendered unemployed in different departments and sections, most of whom were members of the provident fund and thus became qualified for lay-off benefits when as a matter of fact failure of the Company to employ this number of workmen by reason of the recession of orders was not covered by section 2(kkk) of the Industrial Disputes Act and when no notice under section 9A of the Industrial Disputes Act had been given to such workmen rendered unemployed. In the circumstances the Union submitted that the closure of the 150 broad looms resulting in unemployment of 650 workmen was illegal and mala fide and the workmen rendered idle are therefore entitled to full wages for the period of closure. The Union accordingly prayed for an award directing the Company to pay full wages to the workers for the period they were rendered idle on account of the illegal and unjustified closure of 150 broad looms.

The Company's case is that out of the 195 broad looms installed, 192 were in working condition at the material time. The closure of 150 broad looms was decided after a thorough discussion in the Works Committee Meeting and the reasons for such closure had been fully apprised to the members of the Works Committee. The decision taken in that Works Committee Meeting was maintained and no permanent workmen was affected by the closure and the Company tried to provide them alternative jobs to the casual workers who had been affected and who were members of the Provident Fund. Company's positive case on this issue is that the workers who are affected by the closure of the looms in question were either Badlee or casual workers. The closure being bona fide such casual workers were not entitled to any relief. The Union's prayer in this regard should therefore be rejected.

The Union examined P.W. 2, Mahabir Prosad, on the question in issue. The Company examined its Labour and Welfare Officer, Protul Ch. Banerjee, O.P. W. 2. We have it from their evidence that the persons employed in the broad looms comprised both permanent and casual workers. P.W. 2 Mahabir Prosad, who happened also to be the Secretary of Hooghly Zilla Chatkal Mazdoor Union and Joint Secretary of the Works Committee tried hard to maintain that these casual workers were working continuously in the mill for 5 or 6 years. In cross-examination he however admitted that the date of termination is recorded in Ext. G for casual workers. He again admitted that workers other than Weavers may have a change in the nature of their work and in that contingency cards like Ext. G are issued to them. Cards like Ext. G will also be issued to casual workers who may have occasion to work in broad loom in place of a permanent weaver. All this would plainly indicate that the element of continuity in service was absent in the case of such casual workers who are taken in because of their past experience for a limited duration and fresh cards like the one Ext. G is issued to such workers. Apparently therefore such workers cannot come within the purview of the definition of continuous service as laid down in section 25B of the Industrial Disputes Act and such workmen would have no right for any lay-off compensation under section 25C of the Industrial Disputes Act, 1947. The Union in its written statement, paragraph 8, stated that the looms closed on 8th May 1967 were gradually reopened by the middle of August 1967, i.e., within a little over three months from the date of the alleged closure and full complement of looms were run. In other words, there was really no closure under the ordinary connotation of the said term. It was only so done for curtailing production. The written statement filed by the Union will further show that justification of the closure had never been assailed; only its legality had been challenged on certain grounds such as non-service of notice under section 9A of the Industrial Disputes Act and non-payment of lay-off benefits. As indicated above, the casual workers who had principally been affected were such as were not entitled to any lay-off compensation under section 25C of the Industrial Disputes Act. Section 9A of the Industrial Disputes Act, also cannot be attracted to the instant case by reason of the fourth sechedule to the Industrial Disputes Act.

As observed already, justification of the alleged closure for a limited period had not been challenged or assailed. Ext. D is the proceeding of the Works Committee meeting held on 5th May 1967. The reasons of the closure had been indicated therein and there was a discussion over the question and the suggestions made by the members of the Works Committee had also been recorded there and the management assured that no permanent workmen would be affected and that the casual workers who would be affected and who were also members of the provident fund would be provided with alternative employment and as it appears from the evidence of O.P.W. 2, the management had actually provided alternative employment to many of the affected workers and O.P.W. 2, placed before this Tribunal a list of 272 workmen who had been given alternative employment between 8th May 1967 to 31st August 1967. In deciding on the question of justifiability of the closure, the question of good faith must be determined first and this in turn would largely depend on finances of the Company, on the adverse effect that retention would have on the business and whether retention would mean the dead-weight of an uneconomic surplus and so-forth. Since it was a closure for a limited duration and the looms closed had within a period of little over three months been re-opened and even during this interim period quite a large number of the casual workers who had been affected were provided with alternative jobs, this Tribunal must hold that the closure of 150 broad looms, 50 in each shift, with effect from 8th May 1967, was justified.

The question then arises as to whether the Badlee or casual workers who had been affected would still be entitled to any benefit during the period they remained unemployed. The position of Badlee or casual workers was elaborately discussed in the case reported in 1953, (II) L.L.J. page 512. There it was clearly held that Badlee or casual workers were not Company's workmen on the muster rolls and that they had no right to get pay or allowance during the period of their unemployment. This is so because they are taken on purely temporary basis on account of their past experience and even under the explanation to section 25C they would have no right to claim lay-off compensation when there was nothing to show that any of the workers who is a member of the provident fund, has his name in the muster roll of the Company. As to the above categorisation of the workers into permanent and casual, we have before us the Wage Board recommendation, Ext. H. In view of the nature of the specific issue raised in the order of reference, there is no scope for contending that the cadre of permanent workers had not been fixed with reference to the recommendation of the Wage Board Ext. H. Being so and the evidence being that no permanent workmen had been affected by the closure, all the rest of the workers who had been affected by it, must be casual workers and in fact P.W. 2, Mahabir Prosad and O.P.W. 2, Protul Chandra Banerjee, also affirmed that position. Merely because all the workers affected were members of the Provident Fund, they cannot elevate them to the status of permanent workers. Section 25B of the Industrial Disputes Act, 1947 read with rule 10(1) of the Provident Fund Rules and Standing Orders of the mill Company, Ext. E, would bear it out. It would further show that there was the element of continuity of service in one while it was absent in the other.

In view of what has been indicated above the casual workers who had been affected by the alleged closure which has been held to be justified would not have any benefit under the Industrial Disputes Act, more when the closure was a bona fide one and was justified. The Tribunal has therefore no hesitation to hold that the closure of 150 broad looms with effect from 8th May 1967 was justified and the workers, to be more precise, the Badlees or casual workers who had been affected by the closure are not entitled to any relief whatsoever.

I have given my anxious consideration to the cases of the respective parties under different issues and have given my adjudication thereon. They will constitute my award on such issues.

Usual notices were served on the Company as well as the workmen concerned. The workmen as well as the Company appeared and filed their separate written statements. The written statement filed on behalf of the workmen was verified by Jagdish Chandra, one of the concerned workman, whose name appears in serial No. 24 of the list of the workmen appearing in Annexure 'A' of the order of reference. After certain stages, 24th September 1968 was fixed for fixing a date of hearing of this order of reference. That day (24th September 1968), the order of reference was fixed today (9th December 1968) for hearing. In the meantime one of the concerned workman Shri Nemai Roy, whose name appears in serial No. 22 of the aforesaid list, sent a petition to this Tribunal through post informing that he has got no dispute with the Company on the date of reference. Curiously enough, neither anybody on behalf of the Company nor any of the workmen, is found present in Court on call. No representative of the Company and no representative of any of the workmen also appears before this Tribunal. No steps on either side was also taken for adjournment of this order of reference. It thus appears that neither party is interested in the matter of proceeding with this order of reference. I am thus of opinion that there is no dispute between the parties of this order of reference over the issue mentioned above, sent for adjudication, and I hold as such.

In the result, I pass a 'no dispute' award in this case.

This is my award.

By the Government of West Bengal, Labour Department, order No. 5477-I.R./IR/11L-445/67, dated the 23rd October 1967, an industrial dispute existing between Messrs. Hindusthan Development Corporation Ltd. (in respect of the Vanaspati Factory), 1 Station Road, Calcutta-53 (Head Office at No. 27, Sir R. N. Mukherjee Road, Calcutta-1), and their workmen represented by the Vanaspati Karmi Sangha, 54/1 Jyotish Roy Road, Calcutta-53, was referred to this Tribunal under section 10 of the Industrial Disputes Act, 1947 for adjudication, in respect of the following issues:—

Issues

(1) Scale of Pay,
(2) Dearness Allowance,
(3) Gratuity for Clerical Staff,
(4) Whether Shri A. G. Mukherjee is entitled to any Dearness Allowance and if so, from what date?

Undisputedly Messrs. Talukder Law & Co. Pvt. Ltd., were the Managing Agents of the Company in question being Hindusthan Development Corporation Ltd. It is the evidence of the Union's two witnesses, P.Ws. 5 and 6 that in the early part of March 1965 the present Management took over charge of the Company in question from the said previous Managing Agents. This Company admittedly runs one Engineering Factory and the instant Vanaspati Factory, for the employees of this factory, the instant dispute has been raised. It is also admitted that for these two factories there are two separate Unions. The Head Office of the Company is located at 27 Sir R. N. Mukherjee Road, Calcutta-1. It is also admitted that for the employees of the Head Office there is another Union—P.W. 7, being Vice-President of the said Head Office Staff Union. It is also admitted by P.W. 7 that the service conditions of the employees of Vanaspati Factory including clerical staff are different from the service conditions of the Head Office and that of the Engineering Factory employees. It is also undisputed as already mentioned above that the Company has got two different businesses, one is manufacture of Vanaspati and the other, manufacture of Engineering goods. Though a point was raised on behalf of the Union at the time of hearing before me that separate sets of Profit and Loss Accounts are being maintained for these two different factories, it has been established before me that Profit and Loss Accounts are not being maintained separately for the Vanaspati Factory. It is admitted on behalf of the Union that one combined Balance Sheet for the Company is prepared and published. It has further been admitted by P.W. 6 that the management of all the aforesaid three Units of this concern rests on the same set of persons. So far as regards the share capital is concerned, the Company has one share for all its aforesaid three Units. P.W. 6, till April 1965, worked as an Accountant of the Company. He worked there for about twelve years. P.W. 5 also worked under the Company till March 1967 as another Accountant. He admitted that the three branches of the Company, i.e., Engineering Factory, Vanaspati Factory and the Head Office, altogether make one establishment for all purposes of Income Tax Act and the Companies Act, and further that under the provisions of the Companies Act only one Balance Sheet is prepared for the Company in respect of the aforesaid three Units.

It is also admitted that the present scale of pay of the employees of Vanaspati Factory was introduced so far back in 1961 (vide paragraph 3 of the written statement of the Company). On 10th September 1966, the Union of Vanaspati Factory submitted a Charter of Demands to the Authority (vide Exhibit 6, copy). There are also admittedly two classes of employees in the Vanaspati Factory. Some are daily-rated and others are monthly-rated. On 16th May 1967 the Company (the present Management took over charge from the previous Managing Agents in March 1965), entered into a Tripartite Settlement regarding the claims of the daily-rated workers in their Vanaspati Factory (vide Exhibit 4, the copy). As the demands of the monthly-rated workers and the clerical staff of the Vanaspati Factory have not been settled, the instant order of reference was made, for adjudication in respect of the aforesaid issues.

Usual notices were served on the Company as well as the Union from this Tribunal after receipt of the Orders of Reference. The Company as well as the Union appeared and filed their separate written statements.

The Union, being Vanaspati Karmi Sangha, in its written statement contended that the present dispute of monthly-paid workmen of the Company employed at its Vanaspati Factory at 1 Station Road, New Alipore, and the claim of dearness allowance in respect of another employee Shri A. G. Mukherjee are pending. The Union demands that the pay scales should be fixed at follows :

(a) Foreman—Rs. 250—20—750.

(b) Operators/Supervisors—Rs. 150—15—525.

(c) Mechanics—Rs. 150—15—525.

(d) Latheman—Rs. 125—12—425.

(e) Assistants (Clerical Staffs and Godown Staffs).

As there are 4 grades and scales of pay amongst the clerical staffs, the Union further demands that there should be only two grades of scales of pay for them as follows :

Grade I: Rs. 125 (E. B. after 5 years) Rs. 165—10—365

Grade II: Rs. 175—10 (5 years E. B.)—225—15—525.

Their claim for scale of pay as regards Lorry Drivers, Lorry Assistants and Cleaners and Sub-staff consisting of Peons and Durwans is as follows :—

(a) Driver : Rs. 125—10—375.

(b) Lorry Assistants & Cleaners : Rs. 60—5—185.

(c) Peon and Durwan : Rs. 75—5—200.

The Union's aforesaid claim, as per written statement is based on pay scale of the workmen of Messrs. Hindustan Levers Ltd., and Messrs. Kusum Products Ltd., who are manufacturing the same vegetable product of the same standard. As regards the claim of the Union on dearness allowance, the contention is that the Company is giving at present such allowance arbitrarily fixed long ago without any basis and ignoring the market price of the commodity. They claim dearness allowance according to Bengal Chamber of Commerce Scale. The Union also claimed that the introduction of new scales of pay and dearness allowance should be given with retrospective effect from 10th September 1966. As regards the claim for gratuity, it has been alleged that the Company has given this gratuity money to its workmen without considering the length of service. So a scheme of gratuity, according to Union, must be framed. So far as regards the claim of dearness allowance to one employee, Shri A. G. Mukherjee, it has been alleged that he was appointed by a letter, dated 14th August 1963, during the regime of the previous Managing Agent, at a salary of Rs. 250 per month plus an allowance of Rs. 50 making a total of Rs. 300 per month. The representations both verbal and written of Shri A. G. Mukherjee regarding his claim for dearness allowance have not been accepted at all. As the service of Shri A. G. Mukherjee is subject to rules and regulations of the Company, it has been alleged that he is also entitled to dearness allowance at the rate of Rs. 75 per month on and from 1st January 1961.

The Company in its written statement contended that the existing grades and scales of pay were introduced so far as back in 1961 as follows :—

Foreman : Rs. 160—10—300.

Operator/Mechanics/Latheman : Rs. 75—8—187—13—200.

Assistants Chemical Staff :

Grade I : Rs. 45—5—120—EB—6—180.

Grade II : Rs. 60—6—102—EB—7—172—EB—10—285.

Grade III : Rs. 75—6—105—EB—8—185—EB—19—285.

Grade IV : Rs. 150—10—220—EB—12—340—EB—15—460.

So far as regards the Lorry Assistants, Cleaners, Peons, Durwans and Drivers are concerned. They are not placed in any fixed grade, but a regular increment is being allowed to all of them varying from Rs. 3 to Rs. 5 per annum depending on their nature of work.

According to the Company, Messrs. Hindustan Lever Ltd. and Messrs. Kusum Products Ltd., who are also manufacturing vegetable products, cannot be compared with the Company in question as the said two Companies are not at all comparable units according to law. The present scale of dearness allowance is in existence from 1963. It is as follows :

Rs. 50 (Rupees fifty) minimum.

Rs. 60 up to a basic pay of Rs. 75 per month.

Rs. 65 from basic pay of Rs. 76 to Rs. 150 per month.

Rs. 75 from the basic pay of Rs. 150 to Rs. 400 per month.

In addition to the above benefits, the Company also paid Night Allowance at the rate of Re. 1

per night when they work on night duty. The demands of the Union are beyond the financial capacity of the Company. The Company have been suffering from recurring losses and have not been able to pay any dividends to the share holders. The value of the share of the Company is quoted in the market at Rs. 4 only. The Company is thus unable to bear any additional financial burden. So far as regards the claim of gratuity it has been contended that the financial condition of the Company does not permit at all introduction of any such scheme.

As regards the claim of Shri A. G. Mukherjee, a retired Government employee, who was appointed on the 14th August 1963 on a consolidated salary of Rs. 300 (Rs. 250 per month plus an allowance of Rs. 50 per month), the Company asserts that he is not entitled to any other allowances as per the terms of his appointment letter including dearness allowance. Even then Shri Mukherjee has been allowed an annual increment of Rs. 12 and his total present salary is Rs. 360 per month.

On behalf of the Union, eleven witnesses were examined P.Ws. 3, 4, 5, 6, 8 and 9 are all ex-employees of the Company being Messrs. Hindusthan Development Corporation Ltd. P.W. 10 is an employee under this Company in their Vanaspati Factory as a clerk. He is the Secretary of Vanaspati Karmi Sangha. P.W. 11 is another employee of this Company in their Vanaspati Factory as a Chief Time-Keeper. He joined this concern in 1953. He is the Vice-President of the Sangha. P.W. 7 is a Trade Unionist and he is not an employee of the Company. He has got no knowledge about the details of wages of the workers of Vanaspati Factory. P.W. 1 is Shri A. G. Mukherjee and P.W. 2 is an employee of Messrs. Hindusthan Lever Ltd. at Athpur Factory. He has produced and proved a chart showing the starting basic salary of the staff, their present dearness allowance and other facilities enjoyed by the employees of the said Company (vide Ext. 3). On the other hand only one witness Shri S. C. Singhal, the Chief Executive of the Vanaspati Factory of the Company has been examined. This witness joined this Company only two years back.

I take up Issue No. 4 first for decision :

Shri A. G. Mukherjee (P.W. 1) having retired from Government service as S.L.R.O. on 31st May 1963, approached the Company and was interviewed by Shri P. N. Talukdar, the then Managing Director of the previous Managing Agents, Messrs. Talukdar Law & Co. Pvt. Ltd. Then on the basis of the appointment letter (Ext. 1), dated 14th August 1963, signed by Shri Talukdar, Shri A. G. Mukherjee joined this Company on the 19th August 1963. The terms of Exhibit 1 should be considered in order to come to a decision as regards the claim of P.W. 1 for separate dearness allowance, which is as follows:

"
August 14, 1963.

"Shri Ananda Gopal Mukherjee.
P-498 Keyatolla Road,
Calcutta-29.

Dear Sir,

With reference to your interview with us, you are offered an appointment at our Vanaspati Factory at 1 Station Road, New Alipore, Calcutta, on a salary of Rs. 250 (Rupees two hundred and fifty only) per month plus an allowance of Rs. 50 (Rupees fifty only) making up a total of Rs. 300 (Rupees three hundred only) in all. You may report for duty at the factory early next week.

Your service will be governed by the rules and regulations applicable to the staff of this Company.

Please acknowledge receipt of this letter confirming that the appointment offered is acceptable to you.

Yours faithfully,

for Hindusthan Development Corporation Ltd.
for Talukdar Law & Co. Pvt. Ttd.
P. N. Talukdar,
Managing Director,
Managing Agent."

Thus it appears that near two and a half years after retirement from the Government service Mr. Mukherjee joined this concern at a total salary of Rs. 300. It is clear from the aforesaid recital of his appointment letter issued to him that he was to get a salary of Rs. 250 plus an allowance of Rs. 50 making a total of Rs. 300 per month in all. In other words, he was to get a consolidated sum of Rs. 300 in all per month as his wages. In this connection it is to be remembered that at the time of retirement from Government service Shri Mukherjee used to get Rs. 280 in all per month including dearness allowance. According to Mr. Mukherjee since January 1964 he was fixed in Grade IV Scale of Pay of the Company and since then he was given an yearly increment of Rs. 12. His further case is that when he joined this Company Shri A. K. Guha was the Factory Accountant and after Shri Guha retired in March 1966 his job was entrusted to him. But these grounds themselves do not support the claim of Shri Mukherjee, P.W. 1 admitted in his cross-examination that none on behalf of the Company assured that he will get any sum as dearness allowance over the above sum of Rs. 50 per month. He is at present aged 66 years. He is now getting in all Rs. 360 per month. He has also got no documents to show that he was placed in Grade IV on and from 1st January 1964. The statement in Exhibit 1 to the effect that the service of Shri Mukherjee will be governed by the rules and regulations applicable to the staff of the Company, does not entitled Shri Mukherjee to get any dearness allowance. It is admitted in this case that on the date of appointment of Shri Mukherjee there were several grades in existence in the Company. Even then Shri Mukherjee was not given any one of such scales. It appears that so far as regards the appointment of Shri A. G Mukherjee, there was separate contract of employment. It was a special employment outside the existing cadre, that is to say, outside the existing grades and scale of pay. It is also not admitted that Shri Mukherjee was actually placed in Grade IV scale of the Company as alleged by him. So on a careful consideration of the aforesaid facts, I am of opinion that this is not an appropriate case to impose new obligations, by way of granting dearness allowance to P.W. 1, on the parties that would be modifying the contract entered into by the Company as well as P.W. 1, in the result I hold that Shri A. G. Mukherjee is not entitled to any dearness allowance, as claimed.

The first part of Issue No. 4 is thus answered in the negative and the second part of Issue No. 4 does not thus arise for decision.

I then take up Issue No. 1, regarding scales of pay, for adjudication.

Admittedly since 1961 the present scales of wages or pay are in existence of the Company. Such scales have been described by me while starting the Union's case in their written statement. The Union's claim regarding these scales of pay have also been stated by me above. For the clerical staff the Union's claim is that there should be two scales and for other employees, the Union's claim has been stated above. Introduction of a new wage structure is to be dealt with keeping in mind three primary factors. First, we are to decide whether the prevailing wages, rates and scales of pay would be required to be changed and increased. For this purpose the rule is that if the existing wages, rates and scales were fixed many years ago and there has been material rise in the cost of living in the region, primarily a case for increase exists and new wage structure with enhanced rates and scales must be determined. Similarly, a case for increase in the wage of the workmen in any establishment must be deemed to exist if the rates and scales of wages in that establishment are much lower than the rates and scales prevailing in other establishments in the same industry in the same region.

Lastly, we are to be satisfied about the financial capacity of the employer to bear the burden of the increase in the wage arising from the proposed enhancement of the wage structure. Satisfaction of the Tribunal about the employer's financial position to bear the additional burden is a condition precedent to the effecting of any upward trend in the existing wage structure at the time of dealing with the question of fair wage. A case for revision of the wage structure merely exists from the wage scale when the wage scale remained most static and unaltered for a long period of years during which the cost of living has considerably increased. Two important relevant factors are to be kept in mind when fixing a wage structure for incremental wage of scale. These are (1) the financial capacity of the employer to bear the additional burden imposed by the scheme, (2) wage scales fixed in other comparable concerns in the region. In dealing with such a problem conflicting considerations, which have been reconciled, arise such as, the need to do justice, fair distribution, effect of rise in prices, capacity of the employer to bear the burden, wages paid in comparable concerns, etc., under the present conditions of the country. A living wage is only a dream for the future.

As regards the present existing wage structure, it is admitted that the same are in existence since the beginning of 1951. Since then there has been material rise in the cost of living in the region. There is no dispute on this point. So primarily a case for increase exists.

As regards the present financial condition of the Company, it appears from the Balance Sheets of this Company (vide Exts. B to B4) that the same is not at all satisfactory. It appears that the Company suffered a loss to the extent of Rs. 9 lacs in 1963; to the extent of Rs. 22 lacs in 1964; to the extent of Rs. 9 lacs in 1965 and also to the extent of Rs. 5 lacs in the year 1967. The Company of course earned a profit of Rs. 10 lacs only in the year 1966. The reserve capital of this Company, I should say, is far from satisfactory. D.W. 1 has given a reason for the profit earned by the Company during 1966. One of the reasons for the profit in 1966 is that there was a failure of monsoon in the country and there was a spurt in the price of vegetable oil and the Company having a large stock of the same, made profit by way of selling products for which the price was fixed on the current basis. Selling price of Vanaspati is undisputedly fixed by the Government of India. The Balance Sheets of the Company and also Exhibit 'D' and the evidence of D.W. 1 disclose a very sad picture regarding the financial position of the Company. It is in evidence that Vanaspati Section of the Company earned a small profit recently, whereas there has been losses in the Engineering Factory of the Company. But we should consider the overall financial position of the Company. Undisputedly only one Balance Sheet of the different sections of the Company is being prepared per annum, which is audited and published. In this connection it is also to be noted that the share price of the Company is quoted in the market at Rs. 4 for Rs. 10 share (vide Ext. 'J'). So this fact, regarding the financial position of the Company is against the increase of the wages of the staff. But it is to be noted that the Company entered into a settlement only in May 1967, increasing the wages of the daily-rated workmen of the Vanaspati Factory who do not have any graded annual increments. Amongst the 250 workmen employed at the Vanaspati Factory, the number of daily-rated workmen would be greater than the monthly-rated workmen.

As regards the comparable units. I am surprised to find that no such comparable unit on this question could be produced on behalf of the Union. The Company also did not produce anything as regards the scale of pay of other similar concerns in the region. On behalf of the Union only one sheet (Ext. 3) has been produced stating salary and dearness allowance of different types of employees of Dalda Vanaspati Factory of Messrs. Hindusthan Levers Ltd. But I do not consider Messrs. Hindusthan Levers Ltd., to be comparable unit in this case, first, on the ground that the capital of this Company is foreign to the extent of 80 per cent. (vide the evidence of P.W. 2). P.W. 2 also cannot say the total capital as well as the profit per annum of this Company. But it appears from Exhibit 'D' that Messrs. Hindusthan Levers Ltd., have their reserve much larger than this Company. The share market price of Hindusthan Levers Ltd., is quoted at Rs. 20 for a share of Rs. 10 each. It also appears that the existing Company could not declare any dividend to the share-holders since 1963, whereas Messrs. Hindusthan Levers Ltd., have declared dividends to the extent of 14 per cent. to their share-holders all along since 1964. The sales figures of Hindusthan Levers Ltd., are much larger than those of the instant Company. The paid-up capital of Messrs. Hindusthan Levers Ltd., for each successive years from 1940, is also higher than that of the instant Company. So Messrs. Hindusthan Levers Ltd., is not at all a comparable concern.

Messrs. Kusum Products Ltd., in my opinion, cannot be also taken as a comparable unit with the instant one. When compared with the paid-up capital, sales figures, dividend declared, reserves, etc., with those of the Company in question, Messrs. Lever Brothers Ltd., earned a profit of Rs. 4.40 lacs in 1964, Rs. 5.10 lacs in 1965 and Rs. 5.15 lacs in 1966. Kusum Products Ltd., it appears also earned a profit varying from Rs. 12 lacs to Rs. 23 lacs all along from the years 1963 till 1967.

There is thus no comparable unit produced in this case before me in order to come to a decision as to what should be the wage scales of the employees of the Vegetable Factory in question. I do not find any reason as to why the four grades and scales of pay of the clerks of the Vanaspati Factory in existence at present should be abolished and instead, only two grades and scales of pay should be introduced. However, on a consideration of the fact that there has been material rise in the cost of living in the region. I fix the following grades for the different categories of the employees of the Vegetable Factory of the Company in question, which should take effect on and from 1st January, 1969. To fit in with these grades, the existing salaries of the employees should be enhanced by one, two or three increments as required to take effect from the 1st January 1969.

The basic scales of pay for Clerical Staff:

Grade I : Rs. 65—5—120—EB—6—180.

Grade II : Rs. 85—6—102—EB—7—172—EB—10—235.

Grade III : Rs. 100—5—105—EB—8—135—EB—10—285.

Grade IV : Rs. 160—10—220—EB—12—340—EB—460.

Foreman : Rs. 160—10—300.

Supervisors/Operators/Mechanics/Latheman : Rs. 90—8—187—13—200.

Drivers : Rs. 90—3—165.

Peons and Durwans : Rs. 50—2—70—3—100.

As regards the next Issue No. 2 regarding Dearness Allowance I have stated above the claim of the Union to the effect that Bengal Chamber of Commerce scale of the Dearness Allowance should be given effect to, in this concern. But I have just held the above under the foregoing issue that the financial position of the Company is very bad and does not support the Union's claim at all. In fixing the enhanced rate of dearness allowance we must take into account all the three factors, namely, (1) the extent of the rise in the cost of living, (2) the financial capacity of the factory, and (3) the rates prevailing in comparable concerns in the region. The financial capacity of the industry, I hold, does not support the Union's claim. It is true that in the Hindusthan Levers Ltd., the employees there are enjoying Bengal Chamber of Commerce scale of dearness allowance. I have held under the foregoing issue that this Company Messrs. Hindusthan Lever Ltd., is not at all a comparable unit in this case. Out of the 3 aforesaid factors, two of them are against the Union's scheme. The first factor is in favour of the Union. There has been at least a substantial rise in the cost of living since 1963. However, on this consideration I fix the rate of Dearness Allowance as follows, which is also to be taken effect on and from 1st January, 1969 :—

Dearness Allowance :—

Rs. 70 per month up to Rs. 70 basic pay per month.

Rs. 75 per month above Rs. 70 up to 150 basic pay per month.

Rs. 90 per month from Rs. 151 up to Rs. 300 basic pay per month.

Rs. 95 per month from Rs. 301 up to Rs. 460 basic pay per month.

Now coming to Issue No. 3 regarding Gratuity for Clerical Staff, the Union demands that a written scheme of gratuity should be framed in respect of the Clerical Staff of Vanaspati Factory of the Company. First of all, this claim is for a minor section of employees of Vanaspati Factory. I wonder why this claim was not pressed for the other categories of the employees of the Vanaspati Factory. This is a discrimination. The claim is also for only the monthly-rated staff and not even for the daily rated employees. It is also to be noted in this case that there is no superannuation age regarding the employees of this Company. No issue was also raised on this question. It is further to be noted in this case as deposed by the ex-employees of this Company P.Ws. 3, 4, 5, 6, 8 and 9 and also other employees of the Company that though there is no written scheme of gratuity, the employees, at the time of retirement or at the time of leaving this concern, get certain sums of monies as ex-gratia payment. It is true that the Balance Sheets of the Company for the years 1964-65 show that certain amounts were paid as gratuity monies to the employees. This fact was never suggested to D. W. 1 in his cross-examination. So the Company's witness did not get any chance to explain such fact appearing in the Balance Sheet for the years 1964 and 1965. It is to be noted that the present Management took over charge of this Company some time in May 1965, as deposed by 2 P.Ws. It has also been admitted by the employees themselves that they always get such monies only as ex-gratia payments. This fact finds support from an application of one of the employees of the Company at the time of leaving this concern. (Exhibit 'G', dated 27th May 1967) and also from the wage sheet (Exhibit 'F' series). These documents show that the employees at the time of leaving this concern was paid certain sums as ex-gratia payments (vide also Exhibit 'H'). Exhibit 'H' refers to payment of Rs. 658.15 P. to P.W. 8, Bijon Ghosh. The employees of this concern are admittedly enjoying the benefits of Provident Fund. As the Company is a loosing concern. I do not find any ground for fixing a gratuity scheme at this stage. The Company, I hold on the evidences discussed under the foregoing issue No. 1, is not in a position to bear any extra financial burden for this scheme. In this connection it is to be remembered that if I fix Gratuity Scheme for the Clerical Staff of the Vanaspati Factory only, the other classes or categories of employees of this Company including the Head Office Staff and the Engineering Factory would automatically be entitled to a scheme of gratuity. So we have to consider the financial burden of the Company so far as regards all employees including the other categories of employees of Vanaspati Factory as also the Head Office Staff and the Engineering Factory.

Thus I reject in this Order of Reference the Union's claim for framing a Gratuity Scheme.

This is my award.

AWARD

This case arises out of a reference made by the Governor of West Bengal under Government of West Bengal, Labour Department, order No. 2599-I.R./IR/8L-7(B)/67, dated the 16th June 1967, in regard to an industrial dispute between Messrs. The Bangashri Cotton Mills Ltd., P.O. Sukchar, district 24-Parganas (hereinafter called the Company), and their workman Shri Biswanath Tewari, C/o. Shri N. D. Shrimani, Elias Road, Agarpara, P.O. Kamarhati, 24-Parganas.

The Governor was pleased to refer this dispute to this Tribunal in exercise of the powers conferred by section 10 read with section 2A of the Industrial Disputes Act, 1947.

The issue on which the dispute centred on was—whether the termination of service of Shri Biswanath Tewari was justified? To what relief, if any, was he entitled?

On receipt of the order of reference this case was registered on 1st July 1967 and usual notices were issued to the parties in dispute fixing 7th August 1967 for appearance and filing of written statement by the workman. The notice issued to the workman was received back unserved with the postal remark 'not claimed' and the Tribunal ordered issuance of a fresh notice to the workman. After a long long wait postal acknowledgment regarding the notice issued to the workman was received by the office of the Tribunal. In fact the notice itself came back with the postal remark "absent". On that the Tribunal directed its office to request the Labour Department to furnish fresh address of the workman. The Tribunal waited for 7 months for a reply from the Labour Department which did not come. On 22nd July 1968 its patience exhausted and the Tribunal ordered its office to send a reminder to the Labour Department requesting to furnish better particulars of the workman at an early date. On 29th August 1968, the Memo. No. 6133-IR, dated 20th August 1968, from the Labour Department forwarding a copy of letter No. B-3331/882/68 A.L.C., dated 28th June 1968, was placed before the Tribunal. The Tribunal was informed that new address of the concerned workman could not be traced. The Tribunal was further informed that Shri N. D. Srimani who is reported to be the representative of the workman stated before the A.L.C. that the workman was not interested in this case. In the circumstances the case was fixed for 15th September 1968. Shri N. D. Srimani who is an Advocate practising before the Industrial Tribunals appeared before the Tribunal on 16th September 1968 and stated that the workman was not interested in this case. Shri Srimani was asked to submit the same in writing by 26th September 1968. On 26th September 1968 Shri Srimani, Advocate, appeared and filed a petition stating that the concerned workman visited his house and informed him that he was no more interested in the dispute. On receipt of that statement the Tribunal reserved its order.

Since then about three months have passed. So far the workman has not cared to appear before this Tribunal. I have no reason to disbelieve Shri Srimani who is a practising Advocate. Before this the Tribunal made every effort to contact the workman and to serve notice upon him but it failed. In this case the aggrieved party is the workman himself and he does not seem to take any interest in the case. The conduct and behaviour of the workman is not appearing before the Tribunal supports the information given by Shri N. D. Srimani. The Company also did not appear.

In the circumstances, under Rule 22 of the West Bengal Industrial Disputes Rules, 1958, the Tribunal can submit an award on the footing that the industrial dispute under reference is no longer in existence.

Hence holding that the industrial dispute under reference is no longer in existence I hereby submit this report to the State Government for necessary action.

This is my award.

Government of West Bengal, Labour Department, by its order No. 6068-I.R./IR/15L-13/67, dated the 21st November 1967, referred an industrial dispute between Messrs. Ashoka Oil Industries, and their workmen, represented by North Calcutta Oil Mill Gach Cutta Mazdoor Union, to this Tribunal for adjudication on the following:

Issue

Whether the termination of Sarbasree Kashi Mahato, Hariram Koiri, Dhari Ahir, Dalsinger Harijan, Banshi Harijan, Baljit Ram Harijan, Kalipada Das, Anta Jesswara, Rupan Harijan, Phirtoo Harijan, Siddeswar Sadhu Khan, Nanda Harijan, Paban Harijan and Badri Narayan Singh is justified? To what relief, if any, are they entitled?

After service of usual notices the Union entered appearance and filed written statement. Thereafter the Company filed a petition signed by eight of the fourteen concerned workmen under the reference whereunder those eight workmen had settled their case with the Company out of Court in full and final settlement of all claims including the claim for reinstatement and had further alleged that they had no further or other claims against the Company under the order of reference or otherwise. Signed receipts evidencing payment to those eight workmen were also affixed to the said petition and they prayed for disposing their case by passing a 'no-dispute' award. The Company did not however file any written statement. So the case was set down for ex-parte hearing as respect of other workmen concerned under the reference. On the date of ex-parte hearing the General Secretary of the Union filed a petition stating that the Union would not proceed with the case in respect of Kashi Mahato, Hariram Koiri, Baljit Ram Harijan and Paban Harijan and would only proceed with the case in respect of Siddheswar Sadhu Khan and Badri Narayan Singh. The result is that the dispute concerning Kashi Mahato, Hariram Koiri, Baljit Ram Harijan and Paban Harijan must be held to have ceased to exist and a 'no-dispute' award should be passed in their case as well.

As observed already, the case was taken up for ex-parte hearing so far as Siddheswar Sadhu Khan and Badri Narayan Singh were concerned. In the written statement filed the Union set up a case for reinstatement on the ground that the closure was only a pretence and the employer closed down the mill by notice, dated 30th June 1967, only to victimise the workmen and it was further alleged that the employer had not paid any compensation or wages in lieu of notice period. During trial, however, both these workmen, namely, Siddheswar Sadhu Khan and Badri Narayan Singh examined themselves to accept the closure and the consequent retrenchment and they laid their claim only for money value of the benefits to which they were entitled under the statute.

Retrenchment following closure being thus accepted, the only question that could arise for decision by this Tribunal is as to the relief which these two workmen would be entitled under the statute. Since the Act was amended in 1957 and new section 25FFF was inserted, the effect of all previous decisions lost their force and the effect of the new section is that though the close-down is not retrenchment, termination of service as a result of the closure of the undertaking is brought once again at a par with retrenchment—the language being "close down for any reason whatsoever". By virtue of the new section 25FFF the workmen whose services had been terminated, would be entitled to notice pay and compensation in accordance with the provisions of section 25F, as if they had been retrenched. Under section 25F of the Industrial Disputes Act, 1947, as amended, such workmen would be entitled to one month's notice in writing or must be paid in lieu of such notice wages for the said period together with compensation at the rate of 15 days' average pay for every completed year of continuous service or any part thereof in excess of six months.

Difficulty however arises in making computations of such notice pay and the compensation because of the absence of any statement in the written statement concerning the wages of the workmen concerned to the knowledge of the employer. The two workmen concernd only spoke about their length of service and the pay which they were getting before the closure here before this Tribunal and the Tribunal has no data to have them verified. Their statement in this regard cannot evidently be accepted as uncontroverted since the employer had no opportunity to know from the copy of the written statement served upon it. In such a contingency it is desirable that the two workmen concerned, namely, Siddheswar Sadhu Khan and Badri Narayan Singh should be awarded a lump sum compensation on such closure of the business as an equitable relief, more when they cannot take recourse to the provisions laid down in section 33 of the Act inasmuch as section 33 of the Act will not be attracted to their termination of service upon closure of the establishment or undertaking. As many as eight other workmen concerned under the reference have settled out of Court their dispute with the employer Company by each of them receiving Rs. 40 from the employer Company. In view of the difficulties pointed out above this Tribunal feels inclined to award compensation to each of Siddheswar Sadhu Khan and Badri Narayan Singh at the same rate of Rs. 40 when the two concerned workmen had not been able to satisfy this Tribunal by documentary evidence regarding the length of their service and their wages at the date of closure.

The result is that there should be an award in favour of the two workmen, namely, Siddheswar Sadhu Khan and Badri Narayan Singh and in respect of the other workmen under the order of reference there should be a 'no-dispute' award as eight of them had settled their disputes with the employer out of Court and had filed an application praying for a 'no-dispute' award in their case and the Union gave up the cases for the remaining four other workmen. This Tribunal accordingly passes a 'no-dispute' award in respect of the following workmen, namely, Kashi Mahato, Hariram Koiri, Dhari Ahir, Dalsinger Harijan, Banshi Harijan, Baljit Ram Harijan, Kalipada Das, Anta Jesswara, Rupan Harijan, Phirtoo Harijan, Nanda Harijan and Paban Harijan, named in the order of reference and passes an award on the following terms in favour of only two workmen, Siddheswar Sadhu Khan and Badri Narayan Singh, each of whom will get a lump compensation to the tune of Rs. 40 from the employer Company for their termination of service following the admitted closure.

This is the award of the Tribunal which will come into effect on the expiry of 30 days from the date of publication of the award in the "Calcutta Gazette."

By order No. 5950-I.R./IR/8L-16/66, dated Calcutta, the 12th August 1968, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Central Cotton Mills Ltd., and their workmen, represented by Central Cotton Mills Workmen's Union, to this Tribunal for adjudication on the following:

Issue

What should be the quantum of bonus for the accounting year 1966-67?

Upon receipt of the reference notices were issued to the parties for their appearances. The Union entered appearance on 4th September 1968 and prayed for time to file written statement. The case was adjourned to 26th September 1968 for the purpose but on that date the Union did neither file the written statement nor showed any sufficient case. The Tribunal suo motu adjourned the case to 26th October 1968 but even on that date no written statement was filed by the Union nor any sufficient cause was shown by the Union. The Tribunal suo motu allowed time till 29th November 1968 for the purpose but even on that date the Union did neither show any sufficient cause nor file any written statement. The Tribunal then passed orders to wait till 11th December 1968 for the purpose. When inspite of repeated opportunities given to the Union no written statement was filed and no sufficient cause was shown, this Tribunal presumes that the Union was no longer interested in the reference. As such due to the absence of both parties the Tribunal reserved a 'no-dispute' award.

In the circumstances the Tribunal presumes that the dispute has ceased to exist. Accordingly the Tribunal passes a 'no-dispute' award and disposes of this reference.

The Government of West Bengal, in its Labour Department, order No. 1569-I.R./IR/15L-3/66, dated the 18th March 1968, referred under section 10 of the Industrial Disputes Act, 1947, an industrial dispute between Messrs. Mokbul Ahmed & Sons, 12 Ibrahimpur Road, Calcutta-23 and their workmen represented by one of the workmen, Shri Nirode Singh Roy, 11 Santipally, Jadavpur, Calcutta-32, to this Tribunal for adjudication on the following issue:

Issue

> Whether the workmen, as per attached list, eligible for compensation for the services rendered by them for the period from 1964 to 1966 and Bonus for the year 1966 and leave pay for 1966?

The Company is present. It is 12-05 p.m. now. No steps have been taken on behalf of the Union as yet. This Tribunal can presume that the dispute has been amicably settled. Hence the reference is disposed of by passing a 'no-dispute' award.

STATEMENT OF OBJECTS AND REASONS

Pursuant to the acceptance by the Government of the recommendations of the National Integration Council to prevent and remove communal and regional tensions, it is proposed to amend sections 153A and 505 IPC and Schedule II of the Code of Criminal Procedure with a view to amplifying the scope of these sections, providing enhanced punishment for offences under these sections committed in a place of worship, and making offences under sections 153A IPC and 505 IPC (only offences relating to enmity or hatred between communities, etc.) cognizable.

2. A provision is also being made whereby offences under section 153A and provision made in the Bill under section 505 IPC would constitute a disqualification under section 8 of the Representation of the People Act, 1951.

3. The National Integration Council had also recommended that powers should be taken to prevent the publication of alarming, incorrect or provocative news or views likely to promote communal ill-will or hatred or to disturb communal harmony, and had suggested that this may be done on the lines of provisions of section 2 of the Punjab Special Powers (Press) Act, 1956. A provision has accordingly been made in this Bill to prohibit the printing or publication of any matter for a specified period not exceeding two months if the Central Government or the State Government is satisfied that such action is necessary in the interest of maintenance of communal harmony.

PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of letter No. 22/15/68-Poll.I(A), dated the 21st August 1968, from Shri Y. B. Chavan, Minister of Home Affairs to the Secretary, Lok Sabha].

The President, having been informed of the subject matter of the Criminal and Election Amendment Bill, 1968, recommends consideration of the Bill in the Lok Sabha under article 117(3) of the Constitution of India.

Notes on clauses

Clause 2.—Promoting enmity between different groups on grounds of religion, race, language, etc., is made an offence under section 153A of the Indian Penal Code. It is proposed to include therein promoting enmity between different groups on grounds, such as, place of birth, or residence as well. It is also proposed to widen the scope of the provision so as to make promotion of disharmony or feelings of ill-will an offence punishable thereunder. Clause (b) of the said section provides for the punishment for doing acts prejudicial to the maintenance of harmony between different groups. That provision is also proposed to be widened so as to include acts prejudicial to the maintenance of harmony between different regional groups as well. It is also proposed to provide for enhanced punishment and a minimum punishment for any such offence committed in place of worship. The section is being substituted by this clause to achieve the above purpose.

Clause 3.—Section 505 of the Indian Penal Code penalises the making, publishing or circulation of any statement, rumour or report which is conducive to public mischief. The section does not deal specifically with rumours or alarming news which may create tension or ill-will between different communities so long as they are not intended or likely to incite commission of an offence. New sub-section (2) which is being inserted is intended to widen the scope of the section so as to include such rumours or alarming news with intent to create or promote, on grounds of religion, race, place of birth, residence, language, caste or community or any other ground whatsoever, feelings of enmity, hatred or ill-will between different religious, racial, language or regional groups or castes or communities, as well. It is also proposed to provide for enhanced punishment and a minimum punishment for any such offence committed in place of worship. Section 505 is being amended for this purpose.

Clause 4.—Section 196 of the Criminal Procedure Code provides that certain offences including an offence under section 153A of the Indian Penal Code shall not be taken cognizance of by a Court unless upon a complaint made by order of, or under authority from the State Government or some officer empowered by the State Government in this behalf. It is proposed to amend the section so as to empower the District Magistrate to authorise prosecution. Schedule II of the Criminal Procedure Code is also being amended with a view to make offences under section 153A and section 505 (in so far as they relate to offences relating to enmity or hatred between communities, etc.) of the Indian Penal Code cognizable and non-bailable.

Clause 5.—Section 8 of the Representation of the People Act deals with the disqualification of a candidate who is convicted for certain offences. The rules would also specify the number of members of each Committee, the class or category of persons from whom such members are to be appointed, the authority or authorities which may make such appointment, the procedure for consulting the Committee and the procedure to be followed by the Press Consultative Committee. It also provides for laying on the Table of each House of Parliament rules so made and the rules are subject to the approval of Parliament.
